The Routledge Companion to Behavioural Accounting Research

Accounting Basics: Workbook is the companion book of questions and exercises in the Accounting Basics series of publications. The book contains 88 questions and exercises, all of which correspond to the lessons and chapters in the Accounting Basics: Study Guide. The Accounting Basics series, which this book is part of, is quite possibly the simplest and most comprehensive series of basic accounting publications in existence today, helping accounting students around the world excel at their studies. And while the Accounting Basics series has been tailor made for both high school and college students, it is also very handy for working professionals who need to brush up on all the basic accounting concepts and practices. Using this workbook you will be able to practice: Recording transactions (journal entries), Formatting and balancing T-accounts, Drawing up a trial balance, Putting together the financial statements, Creating cash flow statements,

Recording inventory as well as transactions for manufacturing businesses, Calculating and recording depreciation, doubtful debts and closing (year-end) entries, And much, much more Also available in this series: Accounting Basics: Study Guide -The companion theory book, with lessons and chapters corresponding to all of the questions and exercises in this workbook. Accounting Basics: Dictionary - The companion dictionary in the Accounting Basics series, with over 300 accounting and business terms defined. Accounting Basics: Complete Guide - A compilation of the Study Guide, Workbook and Dictionary in a single Accounting Basics publication.

Accounting Clerk Red-Hot Career Guide; 2602 Real Interview Questions

The design and evaluation of questionnaires—and of other written and oral materials—is a challenging endeavor, fraught with potential pitfalls. Cognitive Interviewing: A Tool for Improving Questionnaire Design describes a means of systematically developing survey questions through investigations that intensively probe the thought processes of individuals who are presented with those inquiries. The work provides general guidance about questionnaire design, development, and pre-testing sequence, with an emphasis on the cognitive interview. In particular, the book gives detailed instructions about the use of verbal probing techniques, and how one can elicit additional information from subjects about their thinking and about the manner in which they react to tested questions. These tools help researchers discover how well their questions are working, where they are failing, and determine what they can do to rectify the wide variety of problems that may surface while working with questionnaires.

Breaking the Rules & Getting the Job

In his classic book, The Five Dysfunctions of a Team, Patrick Lencioni laid out a groundbreaking approach for tackling the perilous group behaviors that destroy teamwork. Here he turns his focus to the individual, revealing the three indispensable virtues of an ideal team player. In The Ideal Team Player, Lencioni tells the story of Jeff Shanley, a leader desperate to save his uncle's company by restoring its cultural commitment to teamwork. Jeff must crack the code on the virtues that real team players possess, and then build a culture of hiring and development around those virtues. Beyond the fable, Lencioni presents a practical framework and actionable tools for identifying, hiring, and developing ideal team players. Whether you're a leader trying to create a culture around teamwork, a staffing professional looking to hire real team players, or a team player wanting to improve yourself, this book will prove to be as useful as it is compelling.

Interview Aids and Trade Questions for Employment Offices

The Ideal Team Player

This updated Ninth Edition of Accounting Theory: Conceptual Issues in a Political and Economic Environment continues to be one of the most relevant and comprehensive texts on accounting theory. Authors Harry I. Wolk, James L. Dodd, John J. Rozycki provide a critical overview of accounting as a whole as well as touch on the financial issues in economic and political contexts, providing readers with an applied understanding of how current United States accounting standards were derived and where we might be headed in the future. Readers will find learning tools such as questions, cases, problems and writing assignments to solidify their understanding of accounting theory and gain new insights into this evolving field.

Accounting Made Simple

The ideal graduation gift for anyone about to enter the workforce, a witty, practical guide to 200 difficult professional conversations—featuring all-new advice from the creator of the popular website Ask a Manager and New York’s work-advice columnist. There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Advance praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Clear and concise in its advice and expansive in its scope, Ask a Manager is the book I wish I’d had in my desk drawer when I was starting out (or even, let’s be honest, fifteen years in).”—Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck

.Net Interview Questions

"As valuable for the executive going into her umpteenth interview as for the college grad seeking his first real job." -Richard Zackson, Business Coach, Professional Coaching Network In today's job market, how you perform in an interview can make or break your hiring possibilities. If you want to stand a head above the rest of the pack, 301 Smart Answers to Tough Interview Questions is the definitive guide you need to the real, and sometimes quirky, questions employers are using to weed out candidates. Do you know the best answers to: --It looks like you were fired twice. How did that make you feel? --Do you know who painted this work of art? --What is the best-managed company in America? --If you could be any product in the world, what would you choose? --How many cigars are smoked in a year? --Are you a better visionary or implementer? Why? Leaning on her own years of experience and the experiences of more than 5,000 recent candidates, Vicky Oliver shows you how to finesse your way onto a company's payroll. "Everything I always wanted to know about job interviews but was afraid to be asked." -Claude Chene, Senior Vice President, Head of Business Development, U.K. and Europe, Sanford Bernstein & Co.
