Western Heritage

In this overview of intellectual and artistic trends from the seventeenth century to the present, Linn unpacks the logic,

assumptions, and philosophical implications wrapped up in what has become the founding statement of modern rationalism: Descartes's "I think, therefore I am." --from publisher description.

The American Pageant Guidebook

This book is for the memory of John E. Reinecke, a man whose humanistic activism and sharp-hewn scholarship helped to shape the scientific study of pidgin and creole languages throughout much of the twentieth century. Reinecke was both a social reformer and a leading sociolinguistic researcher working with creole languages and societies that derive from diverse groups of people thrown into close social contact. Most notably, Reinecke's keen sense of social justice has had a telling effect on the social history of Hawaii. Along with his persistent efforts to obtain a fair and equal share for wage earners in sharply stratified societies, his attention early became focused on their language. By encouraging others to study what he called "marginal languages," he was able to bring to them (and to the extraordinary issues—theoretical and practical—which they raise) a measure of prestige, both in the eyes of their speakers and in the increased attention accorded them by students of language and society. The book presents a description of Reinecke's life and work, the text of his own last paper on creolistics, and seventeen papers which reflect the range and vitality of the field that he did so much to open. Some of the papers reflect the issue which has come to dominate creole studies—the debate over the role of universals and of specific substrata as competing explanations of the amazing similarities that creoles, and perhaps pidgins also, exhibit across the world. Many describe the intense language contact within which language contraction and expansion occur (they do this either directly, or by supplying new data which will eventually feed such descriptions), and some are our belated response to calls which Reinecke made in the 1930s. Fifty years ago, he saw the need for the kind of comparative studies which are only now under way—in, for example, Hazel Carter's paper, which represents a pioneering attempt to compare the suprasegmentals of English-based Creoles on both sides of the Atlantic. In his last years, Reinecke strongly supported research on contact languages with non-European lexical bases. He thought this was the area from which future creole studies would derive the greatest theoretical and practical gain, and in this volume six papers answer his call by analyzing such pidgins and creoles.

A Century of Dishonor

A history of roaring prosperity—and economic cataclysm: “The one account of America in the 1920s against which all others must be measured” (The Washington Post). Beginning November 11, 1918, when President Woodrow Wilson declared the end of World War I in a letter to the American public, and continuing through his defeat, Prohibition, the Big Red Scare, the rise of women’s hemlines, and the stock market crash of 1929, *Only Yesterday*, published just two years after the crash, chronicles a decade like no other. Allen, who witnessed firsthand the events he describes, immerses you in the era of flappers, speakeasies, and early radio, making you feel like part of history as it unfolds. This bestselling, enduring account brings to life towering historical figures including J. Pierpont Morgan, Henry Ford, Sigmund Freud, Albert Einstein, Al Capone, Babe Ruth, and Jack Dempsey. Allen provides insightful, in-depth analyses of President Warren G. Harding’s oil scandal, the growth of the auto industry, the decline of the family farm, and the long bull market of the late twenties. Peppering his narrative with actual stock quotes and breaking financial news, Allen tracks the major economic trends of the decade and explores the underlying causes of the crash. From the trial of Nicola Sacco and Bartolomeo Vanzetti to the inventions, crazes, and revolutions of the day, this timeless work will continue to be savored for generations to come.

Brinkley, American History: Connecting with the Past UPDATED AP Edition, 2017, 15e, Student Edition

When the stability of American life was threatened by the Great Depression, the decisive and visionary policy contained in FDR's New Deal offered America a way forward. In this groundbreaking work, William E. Leuchtenburg traces the evolution of what was both the most controversial and effective socioeconomic initiative ever undertaken in the United States—and explains how the social fabric of American life was forever altered. It offers illuminating lessons on the challenges of economic transformation—for our time and for all time.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865

(Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Complete Works of Nathaniel Hawthorne

This book presents an ethnographic study which examines the ways first-year college students make sense of, engage, resist, and learn from the critical literacy approach practiced in the composition program at one Midwestern college. It argues that first-year students typically enter composition classes with an idea of writing and an understanding of what they need to learn about writing that is dramatically at odds with views and approaches of the teacher. It offers a pedagogy of "reflective instrumentalism" as a solution to this conflict; an approach which accepts students' pragmatic reasons for studying composition but then attempts to add a critical, socially aware dimension to that careerist orientation. The book's 8 chapters are: (1) Introduction; (2) The Research: Contexts, Participants, and Methods; (3) The Enigma of Arrival; (4) Ground Rules in College Composition; (5) Flashpoints: Developing an Analytic Stance; (6) Persuasion, Politics, and Writing Instruction; (7) The Dangerous Intersection of Home and School (by Sherry Cook Stanforth); and (8) Conclusion: Reflective Instrumentalism and the Teaching of Composition. Contains approximately 100 references. (SR)

The Significance of the Frontier in American History

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent,

war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.
