Whimsical and Wild

A beautiful, artistic offering that offers projects on challenging, but universal subjects. In follow up to Faith Books & Spiritual Journaling, author Sharon Soneff

will continue to show that there is a richer, deeper reward to artistic, creative journals beyond the beauty they supply. In this new volume, *Art Journals & Creative Healing*, she demonstrates with real excerpts from beautiful and unusual artistic journals that the process of journaling can be a tool in navigating through some of life's more challenging seasons, as well as a tool to support personal growth and achievement. Challenging and complex experiences are treated with dignity and sensitivity, and will inspire readers dealing with their own issues, by placing the greater emphasis on the positive outcome that was yielded for the artist who is willing to be vulnerable in the process. Hope, growth, and healing are at the center of each work, and help deliver the message of the book. Additionally, the ideas, artistic approaches, and resources provided by the author and numerous contributing artists will help the reader with creative ideas for working through various situations through their reflective and artistic journal keeping. Through a marriage of beautiful imagery, uplifting and literary quotations, and other rich sources, *Art Journals & Creative Healing* offers its audience a full-bodied experience pertaining to creative journals, along with journaling worksheets and journal prompts to help readers get started with their own journals. Specific topics to be addressed would include using mediums as metaphors, journaling for cathartic expression, gaining wisdom through introspection and reflection, finding strength in the midst of suffering, and finding beauty in pain. *Art Journals & Creative Healing* is a supportive and encouraging text offered as a creative companion of sorts for those traversing over the obstacles and overcoming the

challenges of life.

Art Journal Kickstarter

I never thought this would be a book. So most of the stuff in here is just my doodles, as each done in reverie. I received powerful support via 3 years sharing some freely from artists, and those who know art. My wish was to draw, paint without learning how. I thought that would preserve something valuable. My doodles, inspired by dreams and visions. I am planning to create more journals, as I draw daily. Words and poems. Visions.

Travel + Sketching = Inspiration When we travel, we don't want to follow the same itinerary as everyone who's come before us. We want to feel like explorers, adventurers in undiscovered territory. And that's exactly what sketching can bring to the travel experience. An Illustrated Journey captures the world through the eyes of 40 talented artists, illustrators and designers. You'll experience the wonder of seeing familiar sights through a fresh lens but, more important, you'll be inspired to set pen to paper and capture your own vistas. The really wonderful thing about a sketchbook is that it can be totally private. You don't have to have an ounce of talent to enjoy learning how to really see what's in front of you. But lucky for us, the sketchbooks captured here are lovely, creative, intimate windows into each artist's mind. So, whether you're just returning to the art of drawing, abandoned by most of us after childhood, or you're looking for inspiration to take your illustration work in a new direction, An Illustrated Journey will take you on a wonderful trip of the imagination. All you need to pack are a pencil and a piece of paper.
