a motor-mouthed collage of spoken word and storytelling. tales of paranoia, young love and ultra-violence from the desk of christopher brett bailey comes a spiraling odyssey of pitch-black humour and nightmarish prose. NEW YORK TIMES BESTSELLER • A moving memoir about the legendary author's relationship with her own mother. Emma Watson's Our Shared Shelf Book Club Pick! The story of Maya Angelou's extraordinary life has been chronicled in her multiple bestselling autobiographies. But now, at last, the legendary author shares the deepest personal story of her life: her relationship with her mother. For the first time, Angelou reveals the triumphs and struggles of being the daughter of Vivian Baxter, an indomitable spirit whose petite size belied her larger-than-life presence—a presence absent during much of Angelou's early life. When her marriage began to crumble, Vivian famously sent three-year-old Maya and her older brother away from their California home to live with their grandmother in Stamps, Arkansas. The subsequent feelings of abandonment stayed with Angelou for years, but their reunion, a decade later, began a story that has never before been told. In *Mom & Me & Mom*, Angelou dramatizes her years reconciling with the mother she preferred to simply call "Lady," revealing the profound moments that shifted the balance of love and respect between them. Delving into one of her life's most rich, rewarding, and fraught relationships, *Mom & Me & Mom* explores the healing and love that evolved between the two women over the course of their lives, the love that fostered Maya Angelou's rise from immeasurable depths to reach impossible heights. Praise for *Mom & Me & Mom* "Mom & Me & Mom is delivered with Angelou's trademark good humor and fierce optimism. If any resentments linger between these lines, if lives are partially revealed without all the bitter details exposed, well, that is part of Angelou's forgiving design. As an account of reconciliation, this little book is just revealing enough, and pretty irresistible."—The Washington Post "Moving . . . a remarkable portrait of two courageous souls."—People "[The] latest, and most potent, of her serial autobiographies . . . [a] tough-minded, tenderhearted addition to Angelou's spectacular canon."—Elle "Mesmerizing . . . Angelou has a way with words that can still dazzle us, and with her mother as a subject, Angelou has a near-perfect muse and mystery woman."—Essence

had a dream. My dream was to assemble the current and future leaders in surgery and ask them to develop an evidence-based surgical textbook that would provide the reader with the most up-to-date and relevant information on which to base decisions in modern surgical practice. In other words, the dream was to create the best, most comprehensive textbook of surgery. Fortunately, I met Laura Gillan of Springer-Verlag New York, who had a similar dream. As our editor, she has provided the foundation and structure for this dream. She has made this dream a reality. Because surgery is a highly specialized and diverse discipline with significant complexity, I also needed a commitment from outstanding surgeons to serve as coeditors. I was fortunate to have a diverse group of exceptional, young-in-spirit, energetic, cutting-edge, surgical investigators share in this project, and I wish to thank them for their valuable contribution to this undertaking. The Editorial Board, including Randy Bollinger, Fred Chang, Steve Lowry, Sean Mulvihill, Harvey Pass, and Robert Thompson, met for the first time at the American College of Surgeons meeting in Chicago in October 1997 (Fig. 1). There, this book was conceived. Each of us developed the plan and content for his specific surgical discipline. The common thread is that all

decisions and recommendations are based on the best available evidence and that the reader can clearly see the evidence in our "E-tables" (evidence-based tables) specifically marked for the reader's reference.

Although communities feel magical, they don't come together by magic. Get Together is a guide to cultivating a community-people who come together over what they care about. Whether starting a run crew, helping online streamers connect with fans, or sparking a movement of K-12 teachers, the secret to community-building is the same: don't fixate on what you can do for people (or what they can do for you). Instead, focus on what you can do with them. In Get Together, the People & Company team provides stories, prompts, and principles for each stage of cultivating a passionate group of people. Every organization holds the potential to build and sustain a thriving community. Get Together shows readers how companies and customers, artist and fans, or organizers and advocates, can join forces to accomplish more together than they could have alone.

Dr. Ellie Swan has a plan: open her practice in tiny Bluelick, Kentucky, so she can keep an eye on her diabetic father, and make hometown golden-boy Roger Reynolds fall in love with her. But Ellie has a problem. Roger seeks a skilled, sexually adventurous partner, and bookish Ellie doesn't qualify. Tyler Longfoot only cares about three things: shaking his bad boy image, qualifying for the loan his company needs to rehab a piece of Bluelick's history, and convincing Ellie to keep quiet about the "incident" that lands him on her doorstep at two a.m. with a bullet in his behind. The adorable Dr. Swan drives a mean bargain, though. If sex-on-a-stick Tyler will teach Ellie how to bring a man to his knees, she'll forget about the bullet. Armed with The Wild Woman's Guide to Sex and Tyler's lessons, Ellie is confident she can become what Roger needs if she doesn't fall for Tyler first. Multiple Choice Questions in Plastic Surgery provides over 400 questions, answers and explanations covering the breadth of plastic and reconstructive surgery including burns. The expansive array of questions with detailed explanations and references will provide a solid foundation for those preparing for final specialty examinations such as the American Boards, the FRCS (Plast), EBOPRAS, MCh and others. The questions are drawn from international experts and are up-to-date with the latest concepts and techniques, including face transplantation, new trends in reconstructive and aesthetic surgery, and recent scientific advances. It will therefore appeal to those interested in plastic surgery education globally. In particular, it will help plastic surgeons to keep up-to-date in the specialty, and demonstrate this through continuing medical education (CME) and for processes of revalidation.

ABC of Arterial and Venous Disease

ABC of Arterial and Venous Disease provides a structured, practical approach to clinical assessment, investigation and management of the most commonly presenting arterial and venous disorders. Structural and functional abnormalities of arteries and veins manifest clinically in a broad spectrum of disorders, including cerebrovascular and carotid artery disease, abdominal aortic aneurysms, acute and chronic limb ischaemia, vasculitis and varicose veins. This revised edition incorporates new chapters on coronary artery disease and acute coronary syndrome, visceral artery stenosis and mesenteric ischaemia, and arteriovenous malformations. Many of these common or chronic conditions first present for initial assessment by primary health care professionals. Case vignettes have been added to relevant chapters to aid understanding and decision making. Fully up to date and from an expert editor and contributor team, ABC of Arterial and Venous Disease remains a useful resource for non-specialist doctors such as general practitioners, family physicians and junior doctors in training. It is also a relevant guide for all other primary health care professionals working within the multidisciplinary teams responsible for patients with chronic arterial and venous disorders.
