### Dr Nikola Returns

Irony and Love - the two parts of this poetry collection, contain poems on topics such as nostalgia and the challenge of defining immigrant identity, the agony of unrequited love, grief over departed lovers, and the impermissible pleasures of forbidden relationships. From the ancient land of Bulgaria to the canals of Buffalo, New York, this book is an exploration of the irony of falling in and out of love, as well as the love of irony without which life would hardly be bearable.

### Going to Hell in a Hen Basket

### Amazing Science Tricks

There's nae power on earth can crush the men who can sing on a day like this. A powerful re-imagining of Joe Corrie's neglected classic about a Fife mining community during the General Strike. To raise funds for the soup kitchens feeding the miners and their starving families, Corrie wrote In Time O' Strife in 1926 whilst on strike himself, exposing the brutal lives of a family staring hunger and defeat in the face. Some 87 years later, Graham McLaren has adapted, designed and directed this rarely performed classic play. Created by Graham McLaren (Men Should Weep, A Christmas Carol), the production uses fragments of Corrie's other plays, poems and songs, celebrating his ability as a writer and his contribution to Scottish

culture. This edition pairs Corrie's original text with the script created by McLaren's adaptation process.

### **The Printers' Manual**

Delighting in the creative misuse of words and celebrating the verbal flubs that ignore the conventions of standard English, Robert Alden Rubin provides an illustrated dictionary of contemporary malapropisms. Everyone has made the mistake of using a word or phrase that they think sounds sort of right, but isn't. Rubin collects his favorite malapropisms in a gift book that's perfect for bookworms and wordsmiths. Some examples include:- "without further adieu" - Conflation of bidding adieu (saying good-bye) with ado (complicated doings, ceremony) to mean "without saying anything more."-"hair-brained" - Perhaps confuses hare-brained with airheaded. Hare-brained (rash, silly, or stupid) derives from the erratic mating dances of hares, as in the saying "mad as a March hare," though it also follows that someone with hair for brains wouldn't be sharp."-"I was curled up in a feeble position" - Confusing feeble with fetal, but actually makes a bit of sense!-"exercising demons" - I guess even demons need to go to the gym. Found on blogs, the deepest corners of the internet, as well as some of the most esteemed publications, Rubin gently pokes fun at the twists and turns writers put our language through.

### **The Irony of Love**

One of the world's great folk story-cycles adapted for the stage by leading theatre maker Tim Supple, from the stories written by the seminal Lebanese novelist Hanan al-Shaykh. This unique edition will unlock the ancient tales for a new generation of readers and performers. Written by Arabic writers from tales gathered in India, Persia and across the great Arab Empire, the One Thousand and One Nights are the never-ending stories told by Shahrazad night after night, under sentence of death, to the king Shahrayar who has vowed to marry a virgin every night and kill her in the morning. Shahrazad prolongs her life by keeping the King engrossed in a web of stories that never ends - a fascinating kaleidoscope of life, love and destiny. The tales that unfold are erotic, violent, supernatural and endlessly surprising. The web of tales woven by Shahrazad were exoticised and bowdlerised in the West under the title of the Arabian Nights. This adaptation unearths the true character of One Thousand and One Nights as it is in the oldest Arabic manuscripts. In turns erotic, brutal, witty, poetic and complex, the tales tell of love and marriage, power and punishment, rich and poor, and the endless trials and uncertainties of fate. The great cities and thriving trade routes of the Islamic world provide the setting for these stories that employ supernatural mystery and intense realism to portray the deep and endless drama of human experience.

### **The Mystery of the Clasped Hands**

Bronx Times Reporter News: February 21, 2008 LOCAL AUTHOR TEACHES TOLERANCE THROUGH KIDS' BOOK by Jeni Asaba My Name is Bertha is a story of hope for all children living with differences that make them victims of criticism and outcasts among their peers. Bertha is a young girl who feels misunderstood by society. Her heavy stature and awkward, uncoordinated movements made her feel like an outcast among her peers, while her own family deemed her different. The fictional children's book is a compilation of stories based on past encounters and events the author, Fran Lewis, experienced during her own childhood growing up in the Bronx . Lewis hopes to use My Name is Bertha as a mode of encouragement for those children whose weak self image is limiting their happiness and personal growth. "Children today have to know that they can achieve anything they want and no one should try to stop them from reaching their goals and dreams," Lewis said. As a young girl growing up in the south Bronx , Lewis said she always felt excluded, an outsider in her own community. Through My Name is Bertha, Lewis teaches that as long as people recognize and believe in their own

personal strengths, there is and always will be light at the end of the tunnel. "Not everyone is born athletic, beautiful, thin or a genius," Lewis said, "but everyone is born good in something, whether it is running track, playing board games or drawing. Who you are is what makes you special." Working as a reading and writing staff developer at P.S. 78, at 1400 Needham Avenue , for 36 years, Lewis said it was a real joy to see young children learn from reading. Now, through her book, she's proud to provide youth with the encouragement she never received. "Children are entitled to make mistakes," Lewis said. "There are erasers on the end of pencils for a reason." In a series of notes from 10-year-old Bertha, she tells her stories of struggle and despair - specific instances of humiliation that created the feelings of rejection she would spend many years fighting to overcome. In the note titled "Bertha Goes Bowling," she shares an embarrassing tale about a family outing at Southern Boulevard Lanes. Not having good physical coordination, Bertha detested all sports activities. But even still she couldn't ignore the daunting persistence of her father's voice urging her to simply try. The book reads, "As I started to wind up, I guess I thought I could throw it harder if I used my punch ball skills to get some momentum on the ball. I bent over and heard a ripping noise. My pants split down the middle because they were too tight and I bent over too far." After her mother did a quick fix tying her sweater around Bertha's waist, the encouragement for one more try continued. It continued, "I walked back up to the edge of the lane and wound up my right arm and threw the ball straight across my body three lanes to the left and got a strike for the man on that lane. He just looked at me in horror while everyone else just started to stare at me or laugh." Bertha returned to her apartment on Southern Boulevard and Tremont Avenue , feeling sad and once again, different. While it took her a while to realize that it was her differences that made her special, Bertha now proudly shares some advice with her young readers. Concluding her stories Bertha said, "Stay strong and think positive about yourself. I am learning to do that and so can you." Lewis is currently contacting literary agents to publish her second book Bertha Speaks Out. My Name is Bertha is available at all major bookstores. ### **Processes of Dispute Resolution**

Once upon a time, the name Baghdad conjured up visions of the most magical, romantic city on earth, where flying carpets carried noble thieves off on wonderful adventures, and vicious viziers and beautiful princesses mingled with wily peasants and powerful genies. This is the world of the Arabian Nights, a magnificent collection of ancient tales from Arabia, India, and Persia. The tales - often stories within stories - are told by the sultana Scheherazade, who relates them as entertainments for her jealous and murderous husband, hoping to keep him amused and herself alive. Though early Islamic critics condemned the tales' 'vulgarity' and worldliness, the West has admired their robust, bawdy humour and endless inventiveness since the first translations appeared in Europe in the eighteenth century. Today these stories stand alongside the fables of Aesop, the fairy tales of the Brothers Grimm, and the folklore of Hans Christian Andersen as some of the Western literary tradition's most-quoted touchstones.

A revolutionary process based on the four chambers of the heart and rooted in Toltec wisdom that brings emotional clarity, healing, and freedom The Warrior Heart Practice is a powerful new method to reconnect with our sense of authenticity and inner-knowing and realign with our true nature. Author of the bestselling book Warrior Goddess Training, HeatherAsh Amara has trained extensively in the Toltec tradition under the tutelage of don Miguel Ruiz, author of The Four Agreements. The Warrior Heart Practice is a revolutionary system based on the four chambered structure of the human heart. Walking through each of the four chambers—Feeling, Story, Truth, and Intent—readers learn to take stock of their current emotional and mental state and reframe their situation in a new healing light. The process begins in the Feeling chamber as readers accept the emotions they are currently experiencing without fighting or judging them. It then continues into the next chamber as readers witness the Story that they are telling themselves. In the Truth chamber, they learn to thoughtfully and objectively evaluate the reality of the situation. In the final chamber, they learn to define and focus their Intent. The last phase of the practice is the most profound—taking the knowledge they have gathered from the four chambers, readers then walk backwards through each of the four chambers, refocusing their Intent, Truth, Story, and Feelings based on what they've learned during the process. The Warrior Heart Practice leads to deep insights as readers learn to step outside of their preconceptions to realign with their true purposes and goals.

On one of Kathy's visits home that fall, she asked her mother, "What is our heritage?" To which her mother replied, "Why honey, you're a Texan!" I am not sure that was the answer Kathy was looking for, but, to my knowledge, she never questioned her mother's response. However, at that time I decided that some day I would research our Kale Family history so Kathy would know her family heritage beyond being a proud Texan. I hope she and her children, Julia Marie Routh and John Michael Routh, will come to appreciate their German heritage after reading about the Kehls who came to America in 1731. They and their descendents helped form this great nation.
