### The Athenæum

Robbed and left for dead, young coffin maker Eisen de Torquiam drifts in from the haze of a desert sun to a small oil town held under the sway of an enigmatic preacher, with the firm intention of setting up his own business. Eisen quickly finds

himself the target of spurious rumors and robbery attempts, as well as the ire of people who see him as a meddling outlander, a blasphemer. The "other." As he struggles with his business and the aggressive denizens, a storm gathers in the desert in the form of the bandit who left him for dead, Kavaria Kallista; a name everyone in town fears. When the outlaw kidnaps a young woman from a ranch outside of town, the coffin maker begins a single-minded quest into the depths of the roiling wasteland to confront the madman. Friends and enemies join him on a descent into utter madness, culminating in a near apocalyptic denouncement of revenge and blind faith, all under the watchful purview of a mysterious man with a white umbrella.

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

I created this book to help create a sense of personal achievement and self-worth in children as well as helping them learn about other children's worth and achievements. It is important for children to understand that everyone is going through life in the same way that they are. However, it is also important for a child to understand that they are an important piece in this world. Everyone has different personalities, different homes, different parents, and different friends but every person is just looking for acceptance and a place of belonging.
