Ted Hughes wrote a series of stories for children from the early 1960s through until 1995 about how the world, and the creatures in it, came into being. They are collected together here in one volume for the first time. These are richly told tales of sparkling intensity about animals finding their form, and God's struggle to understand what he has created. Meet the Polar Bear whose obsession with her snowy white fur is so great that she can only live in a landscape surrounded by her own reflection; the Whale, growing in God's garden beside the carrots; King Leo, who began life because God was hungry for his sausages; poor Parrot's painful defeat in the marriage-song contest at the wedding of Man and Woman; and Sparrow's heroic battle against the bird-swallowing Black Hole. There are stories here to suit children from four to fourteen, whether for reading aloud or alone.

Lacing each tale with dollops of humour and adding a sprinkling of the sinister, Dahl ensures that this collection is brimful of the sweet mysteries of life. 'A sophisticated account of village life. The rural characters are moulded by Dahl's dark, inquisitive imagination. Compelling and very funny' *Time Out* 'Roald Dahl is one of the few writers I know whose work can accurately be described as addictive' *Irish Times* Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. All Through the Year

Charlie and the Chocolate Factory is a 1964 children's novel by British author Roald Dahl. It has been published and reprinted many different times with different illustrators. It is now chiefly known through videos on youtube. The story features the adventures of young Charlie Bucket inside the chocolate factory of eccentric chocolatier Willy Wonka. *Charlie and the Chocolate Factory* was first published in the United States by Alfred A. Knopf, Inc. in 1964 and in the United Kingdom by George Allen & Unwin 11 months later. The book has been adapted into two major motion pictures: *Willy Wonka & the Chocolate Factory* in 1971, and *Charlie and the Chocolate Factory* in 2005. The story was originally inspired by Roald Dahl's experience of chocolate companies during his schooldays. Cadbury would often send test packages to the schoolchildren in exchange for their opinions on the new products. At that time (around the 1920s), Cadbury and Rowntree's were England's two largest chocolate makers and they each often tried to steal trade secrets by sending spies, posing as employees, into the other's factory. Because of this, both companies became highly protective of their chocolate-making processes. It was a

combination of this secrecy and the elaborate, often gigantic, machines in the factory that inspired Dahl to write the story. Charlie Bucket, an 11-year-old boy, is very poor and lives in a small house with his parents and four grandparents. One day, Charlie's Grandpa Joe tells him about the legendary and eccentric chocolatier Willy Wonka and all the wonderful sweets and chocolates he made. However, the other chocolatiers sent in spies to steal his secret recipes, leading Wonka to close the factory to outsiders. The next day, the newspaper announces that Wonka is re-opening the factory and has invited five lucky children to come on a tour, if they find a Golden Ticket inside a Wonka Bar. The first four golden tickets are found by four unpleasant children: the gluttonous Augustus Gloop, the spoiled and petulant Veruca Salt, the chewing gum-addicted Violet Beauregarde, and the television-obsessed Mike Teavee. One day, Charlie sees a 50 pence piece (dollar bill in the US version) buried in the snow. At the exact moment, it is revealed that the Japanese ticket was forged, he buys a Wonka Bar and miraculously finds the last golden ticket. The ticket says he can bring one or two family members with him and Charlie's parents decide to allow Grandpa Joe to go with him. On the day of the tour, Wonka takes the five children and their parents inside the factory, which is a wonderland of confectionery creations that defy logic. They also meet the Oompa-Loompas, a race of small people who help him operate the factory. During the tour, the four "bad" children give in to their individual vices and are ejected from the tour in darkly comical ways. Augustus gets sucked up the pipe to the Fudge Room after drinking from the Chocolate River, Violet blows up into a giant blueberry after chewing an experimental stick of three-course dinner gum, Veruca is thrown down the garbage chute after trying to capture one of the nut-testing squirrels and is considered a "bad nut," and Mike gets shrunk down to the size of an ant after being sent by Wonkavision. The Oompa-Loompas sing about their specific behavior each time disaster strikes the child.
