Race in the Vampire Narrative unpacks the vampire through a collection of classroom ready original essays that explicitly connect this archetypal outsider to studies in race, ethnicity, and identity. Through essays about the first recorded vampire craze, television shows True Blood, and Being Human, movies like Blade: Trinity and Underworld, to the presentation of vampires of colour in romance novels, graphic novels, on stage and beyond, this text will open doorways to discussions about Otherness in any setting, serving as an alternative way to explore marginality through a framework that welcomes all students into the conversation.

They were masters of the darkness, searching through eternity for a mistress of the light Gabriel woke deep within the ground, and the first sensation he felt was hunger. An overwhelming hunger for blood that demanded satisfaction. But as he hunted the dark streets of Paris for prey, a voice called to him, soothing, calming, giving him the strength to control his craving. Francesca Del Ponce was a healer, a woman who radiated goodness as powerfully as the sun did light. But surely his obsession with her would turn him as his twin brother had turned, leaving the world with two monsters instead of one. Though he knew she would be like hot silk in his arms, though he knew the taste of her would be addictive, he feared for her life and his soul if he took her. Then with one mind-shattering vow she gave herself—"I offer freely, without reservation, I offer my life for your as is my right"—and with a firestorm of long-forgotten feelings, he glimpsed salvation.

This is a combination of stories I have written. We could all live in peace if we would just listen! None of this would change unless every American gets involved with the political process. It is your right, it is your duty, and in many circumstances, it could mean your life! What goes around comes around. Remember this! The next day, as all the other recruits answered reveille and hit the grid, Morgan and Burger were handing the company commander a note that in effect said they were helpless and hopeless. Reality is an illusion, albeit a

The Forbidden Lady

“The thing to remember about a ‘stray’ vampire is that there is probably a good reason he is friendless, alone, and wounded. Approach with caution.” Iris Scanlon, Half-Moon Hollow’s only daytime vampire concierge, knows more about the undead than she’d like. Running their daylight errands—from letting in the plumber to picking up some chilled Faux Type O—gives her a look at the not-so-glamorous side of vamps. Her rules are strict; relationships are purely business, not friendship—and certainly not anything more. Then she finds her newest client, Cal, poisoned on his kitchen floor, and her quiet life turns upside down. Cal—who would be devastatingly sexy, if Iris thought vampires were sexy—offers Iris a hefty fee for hiding him at her place. And even though he’s imperious, unfriendly, and doesn’t seem to understand the difference between “employee” and “servant,” she agrees. But as they search for who wants him permanently dead, Iris is breaking more and more of her own rules . . . particularly those about nudity. Could it be that what she really needs is some intrigue and romance—and her very own stray vampire?

The Lady is a Vamp

Roundhouse Publishing editor Kate C. Leever's first letter to her new author was meant to impress upon him the growing demand for vampire romances. And even though he'd expressed little-to-no desire for any publicity, book tours, or similar, it was clear this was an author just waiting to be broken out - despite himself, if

necessary. When she suggested attending a romance convention his response - unusually quick to arrive - was succinct: 'No.' But Kate was adamant: Mr Lucern Argeneau was going to attend a romance convention and meet his fans. By hook or by crook, despite his reclusive nature and odd sleep patterns, the surly yet handsome author would attend. And she was sure that, once there, he would reveal himself to be a true charmer. Of course, that was before she realised that his 'romances' were more like biographies, and it's literally her neck on the line SINGLE WHITE VAMPIRE is a hilarious romantic comedy where a vampire finds his habits of a lifetime overturned and an unlikely romance blooms.

The twenty-first century has so far proven to be exciting and wondrous and filled with challenges we had never dreamed. New possibilities previously unimagined appear almost daily . . . and science fiction stories continue to explore those possibilities with delightful results: Collected in this anthology are such compelling stories as: "On K2 with Kanakaredes" by Dan Simmons. A relentlessly paced and absorbing tale set in the near future about three mountain climbers who must scale the face of K2 with some very odd company. "The Human Front" by Ken MacLeod. In this compassionate coming-of-age tale the details of life are just a bit off from things as we know them-and nothing is as it appears to be. "Glacial" by Alastair Reynolds.
