The Crucible

After World War II, the major powers faced social upheaval at home and anti-colonial wars around the globe. Alarmed by conflict in Korea that could change U.S.-Soviet relations from chilly to nuclear, ordinary people and policymakers created a fantasy of a bipolar Cold War world in which global and domestic order was paramount, Masuda Hajimu shows.

Cold War Crucible

McGraw-Hill's Conquering ACT English Reading and Writing, 2nd Edition

New York Times Bestseller Washington Post Bestseller Los Angeles Times Bestseller Stress Test is the story of Tim Geithner's education in financial crises. As president of the Federal Reserve Bank of New York and then as President Barack Obama's secretary of the Treasury, Timothy F. Geithner helped the United States navigate the worst financial crisis since the Great Depression, from boom to bust to rescue to recovery. In a candid, riveting, and historically illuminating memoir, he takes readers behind the scenes of the crisis, explaining the hard choices and politically unpalatable decisions he made to repair a broken financial system and prevent the collapse of the Main Street economy. This is the inside story of how a small group of policy makers—in a thick fog of uncertainty, with unimaginably high stakes—helped avoid a second depression but lost the American people doing it. Stress Test is also a valuable guide to how governments can better manage financial crises, because this one won't be the last. Stress Test reveals a side of Secretary Geithner the public has never seen, starting with his childhood as an American abroad. He recounts his early days as a young Treasury official helping to fight the international financial crises of the 1990s, then describes what he saw, what he did, and what he missed at the New York Fed before the Wall Street boom went bust. He takes readers inside the room as the crisis began, intensified, and burned out of control, discussing the most controversial episodes of his tenures at the New York Fed and the Treasury, including the rescue of Bear Stearns; the

harrowing weekend when Lehman Brothers failed; the searing crucible of the AIG rescue as well as the furor over the firm's lavish bonuses; the battles inside the Obama administration over his widely criticized but ultimately successful plan to end the crisis; and the bracing fight for the most sweeping financial reforms in more than seventy years. Secretary Geithner also describes the aftershocks of the crisis, including the administration's efforts to address high unemployment, a series of brutal political battles over deficits and debt, and the drama over Europe's repeated flirtations with the economic abyss. Secretary Geithner is not a politician, but he has things to say about politics—the silliness, the nastiness, the toll it took on his family. But in the end, *Stress Test* is a hopeful story about public service. In this revealing memoir, Tim Geithner explains how America withstood the ultimate stress test of its political and financial systems. From the Hardcover edition.

Normandy Crucible

From the best-selling author of *Longbourn*, a remarkable imagining of Samuel Beckett's wartime experiences. In 1939 Paris, the ground rumbles with the footfall of Nazi soldiers marching along the Champs-Élysées, and a young, unknown writer, recently arrived from Ireland to make his mark, smokes one last cigarette with his lover before the city they know is torn apart. Soon he will put them both in mortal danger by joining the Resistance. Through the years that follow, we are witness to the workings of a uniquely brilliant mind struggling to create a language to express a shattered world. A story of survival and determination, of spies and artists, passion and danger, *A Country Road, A Tree* is a portrait of the extremes of human experience alchemized into one man's timeless art.

Eclectic Review

The Crucible

" My inner dragon is constantly forcing me forward faster and faster. SHE pushes the boundaries of my passions. I become so strong in HER presence, yet SHE presses. I am forced to walk the line Dangling my feet over the edge, fearlessly challenging the abyss to swallow me, I enjoy it." (p241). For centuries, artists have explored the duality of the soul. We are married to both good and evil, a co-existence held in balance by the power of choice. Echoed from the pens of poets and prose come the things that go bump in the heart, the monsters that frighten us most, the ones that live within. Wrapped in sensually seductive disguises between black covers erupts Jade and her Dragon. They are *Secretly Bound*. Leading a successful life with the right career, house and home, wife and child, Jade has it all. Or so it seems. Beneath the peaceful waters lies the emptiness of a relationship barely sparking. The passion is gone. Life is going through the motions, especially in the bedroom. Fantasy remains in the ashes of a once out of control fire, and Jade finds that reality is such a poor substitute. When we thirst, we seek to quench that thirst. We are built to survive, no matter the cost. Jade's soul yearns to quench the desert that has become her sexuality. Her quest for an oasis leads her to Mylifeseeker.com, an internet-based social network, and like so many

who have sought out friendship through the internet, Jade ends up with so much more. A storm cloud appears and her name is Emma, bringing with her correspondence sprinkles of rain that soon bursts into a mysterious monsoon flooding Jade's desert and awakens the dragon within. With each email, readers ride on the dragon's breath, holding tightly to the scales glistening in erotic adventures that will assuredly awaken the dragon in every reader. The darkest sexual desires kept from the home are openly explored with a virtual stranger, the lover born of dreams on a screen glowing with the increasing heat of wildfire. Emma soon succeeds in flooding Jade's existence to the point that she must meet the source of her dragon's fire. But as in every cautionary tale, let the reader beware. One always pays for forbidden pleasure, and Jade's price is more than the reader could possibly imagine. Truth turns into lies. Lies become truth. Reality is fantasy. Fantasy is reality. The beginning is an end. The end is a beginning. And just when you think you've got the answer, there's another riddle to solve. If you are ready, take this dragon by the tail and just try to hang on. You just might find that it is the dragon that has you, and that from this day forward, like Jade, you will forever be Secretly Bound. J AGuilera Professional Reviewer

In the Lake of the Woods

Stress Test

In 1659, fourteen-year-old Mary Newbury keeps a journal of her voyage from England to the New World and her experiences living as a witch in a community of Puritans near Salem, Massachusetts.

Death of a Salesman and The Crucible

Tackling the same twisted subject as Stacy Schiff's much-lauded book *The Witches: Salem, 1692*, this Sibert Honor book for young readers features unique scratchboard illustrations, chilling primary source material, and powerful narrative to tell the true tale. In the little colonial town of Salem Village, Massachusetts, two girls began to twitch, mumble, and contort their bodies into strange shapes. The doctor tried every remedy, but nothing cured the young Puritans. He grimly announced the dire diagnosis: the girls were bewitched! And then the accusations began. The riveting, true story of the victims, accused witches, crooked officials, and mass hysteria that turned a mysterious illness affecting two children into a witch hunt that took over a dozen people's lives and ruined hundreds more unfolds in chilling, novelistic detail—complete with stylized black-white-and-red scratchboard illustrations of young girls having wild fits in the courtroom, witches flying overhead, and the Devil and his servants terrorizing the Puritans— in this young adult book by award-winning author and illustrator Rosalyn Schanzer. Taught in middle and high schools around the U.S., the 17th-century saga remains hauntingly resonant as people struggle even today with the urgent need to find someone to blame for their misfortunes. *Witches!* has been honored with many

prestigious awards, including: Robert F. Electrical Review

Since the end of World War II and the founding of the United Nations, genocide, crimes against humanity and other war crimes—mass atrocities—have been explicitly illegal. When such crimes are committed, the international community has an obligation to respond: the human rights of the victims outweigh the sovereignty claims of states that engage in or allow such human rights violations. This obligation has come to be known as the responsibility to protect. Yet, parallel to this responsibility, two other related responsibilities have developed: to prosecute those responsible for the crimes, and to provide humanitarian relief to the victims—what the author calls the responsibility to palliate. Even though this rhetoric of protecting those in need is well used by the international community, its application in practice has been erratic at best. In *International Responses to Mass Atrocities in Africa*, Kurt Mills develops a typology of responses to mass atrocities, investigates the limitations of these responses, and calls for such responses to be implemented in a more timely and thoughtful manner. Mills considers four cases of international responses to mass atrocities—in Rwanda, the Democratic Republic of the Congo, Uganda, and Darfur—putting the cases into historical context and analyzing them according to the typology, showing how the responses interact. Although all are intended to address human suffering, they are very different types of actions and accomplish different things, over different timescales, on different orders of magnitude, and by very different types of actors. But the critical question is whether they accomplish their objectives in a mutually supportive way—and what the trade-offs in using one or more of these responses may be. By expanding the understanding of international responsibilities, Mills provides critical analysis of the possibilities for the international community to respond to humanitarian crises.

The Methodist Review

Anvil of Tears

The definitive memoir of Arthur Miller—the famous playwright of *The Crucible*, *All My Sons*, *Death of a Salesman*, *A View from the Bridge*, and other plays—*Timebends* reveals Miller's incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers' freedom of expression. Along the way, his prolific output established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for *Death of a Salesman* and the New York Drama Critics Circle Award in 1947 for *All My Sons*. Miller also wrote the screenplay for *The Misfits*, Marilyn Monroe's final film. This memoir also reveals the incredible host of

notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and politics, Arthur Miller died in 2005 but his memoir continues his legacy.

For study or revision, these guides are the perfect accompaniment to the set text, providing invaluable background and exam advice. Philip Allan Literature Guides (for GCSE) offer succinct and accessible coverage of all key aspects of the set text and are designed to challenge and develop your knowledge, encouraging you to reach your full potential. Each full colour guide: - Gives you the confidence that you know your set text inside out, with insightful coverage for you to develop your understanding of context, characters, quotations, themes and style - Ensures you are fully prepared for your exams: each guide shows you how your set text will be measured against assessment objectives of the main specification - Develops the skills you need to do well in your exams, with tasks and practice questions in the guide, and lots more completely free online, including podcasts, glossaries, sample essays and revision advice at www.philipallan.co.uk/literatureguidesonline

Philip Allan Literature Guide (for GCSE): The Crucible

What if you could unlock a better answer to your most vexing problem—in your workplace, community, or home life—just by changing the question? Talk to creative problem-solvers and they will often tell you, the key to their success is asking a different question. Take Debbie Sterling, the social entrepreneur who created GoldieBlox. The idea came when a friend complained about too few women in engineering and Sterling wondered aloud: "why are all the great building toys made for boys?" Or consider Nobel laureate Richard Thaler, who asked: "would it change economic theory if we stopped pretending people were rational?" Or listen to Jeff Bezos whose relentless approach to problem solving has fueled Amazon's exponential growth: "Getting the right question is key to getting the right answer." Great questions like these have a catalytic quality—that is, they dissolve barriers to creative thinking and channel the pursuit of solutions into new, accelerated pathways. Often, the moment they are voiced, they have the paradoxical effect of being utterly surprising yet instantly obvious. For innovation and leadership guru Hal Gregersen, the power of questions has always been clear—but it took some years for the follow-on question to hit him: If so much depends on fresh questions, shouldn't we know more about how to arrive at them? That sent him on a research quest ultimately including over two hundred interviews with creative thinkers. Questions Are the Answer delivers the insights Gregersen gained about the conditions that give rise to catalytic questions—and breakthrough insights—and how anyone can create them.

Questions Are the Answer

This Student Edition of *The Crucible* is perfect for students of literature and drama and offers an unrivalled guide to Miller's classic play. It features an extensive introduction by Susan C. W. Abbotson which includes: a chronology of Miller's life and times; a summary of the plot and commentary on the characters, themes, language, context and production history of the play. Together with over twenty questions for further study, detailed notes on words and phrases from the text and the additional scene 2 of the second Act, this is the definitive edition of the play. In a small tight-knit community gossip and rumour spread like wildfire inflaming personal grievances until no-one is safe from accusation and vengeance. *The Crucible* is Miller's classic dramatisation of the witch-hunt and trials that besieged the Puritan community of Salem in 1692. Seen as a chilling parallel to the McCarthyism and repressive culture of fear that gripped America in the 1950s, the play's timeless relevance and appeal remains as strong as when the play opened on Broadway in 1953.

The Secret River

Puzzle Packs include a unit word list (characters names, symbols, etc.) and a vocabulary word list with definitions. There are 4 crosswords, 4 word searches, 4 matching, 4 fill in the blank, 4 magic squares, 32 bingo cards for the unit words. All of the above plus 4 vocabulary juggle letter worksheets and flash cards for the vocabulary words.

Strengthening Forensic Science in the United States

This riveting novel of love and mystery from the author of *The Things They Carried* examines the lasting impact of the twentieth century's legacy of violence and warfare, both at home and abroad. When long-hidden secrets about the atrocities he committed in Vietnam come to light, a candidate for the U.S. Senate retreats with his wife to a lakeside cabin in northern Minnesota. Within days of their arrival, his wife mysteriously vanishes into the watery wilderness.

But a foe from her family's past has arrived in Greendale, Madame Satan, and she has her own deadly agenda. Archie Comics' latest horror sensation starts here! For TEEN+ readers. Compiles the first six issues of the ongoing comic book series *Chilling Adventures of Sabrina*. Read the basis for Netflix's horrifying new series!

Beyond the Burning Time

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable

standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

The Witch of Blackbird Pond

"First published in the United States of America by Viking Penguin Inc. 1953"--title page verso.

Witch Child

This insightful book offers a careful, intelligent look at doubt--at some of its common sources, the challenges it presents, and the opportunities it may open up in a person's quest for faith.

Acid Test

Excel on the ACT's English, reading, and writing sections and get top scores on the exam! If you're struggling with ACT English, reading, or writing, you can rest easy--the revised and updated edition of McGraw-Hill's Conquering ACT English, Reading, and Writing is here. Written by an expert ACT instructor, this book offers intensive review for all of the verbal question types on the ACT, as well as for the ACT Writing Test. The book covers basic reading, writing, and grammar/usage skills, accompanied by numerous examples. You'll also get to practice with intensive ACT-style drills and full-length sample test sections. And for more help, go to MHPracticePlus.com for additional ACT practice and test information.

Echoes Down the Corridor

Maeve Cavainna is running and her wings won't save her. The infamous bounty hunter, Logan Coldhand, chases close behind her and intends to drag Maeve back to the planet of Axis to collect the high price on her head. When he finally corners her, the long chase seems to be over until a frightened alien girl stumbles into their fight and begs for their protection. Maeve and Logan call a reluctant end to their battle and promise to help the girl, but they have agreed to far more than they know. Can the fragile peace between hunter and mark hold long enough to save the lives that depend on them? Anvil of Tears is the first book of the Reforged Trilogy.

Methodist Review

Timebends

In 1687 in Connecticut, Kit Tyler, feeling out of place in the Puritan household of her aunt, befriends an old woman considered a witch by the community and suddenly finds herself standing trial for witchcraft.

The Engineering Review

An audacious, darkly glittering novel set in the eerie days of civilization's collapse, Station Eleven tells the spellbinding story of a Hollywood star, his would-be savior, and a nomadic group of actors roaming the scattered outposts of the Great Lakes region, risking everything for art and humanity. A National Book Award Finalist A PEN/Faulkner Award Finalist Kirsten Raymonde will never forget the night Arthur Leander, the famous Hollywood actor, had a heart attack on stage during a production of King Lear. That was the night when a devastating flu pandemic arrived in the city, and within weeks, civilization as we know it came to an end. Twenty years later, Kirsten moves between the settlements of the altered world with a small troupe of actors and musicians. They call themselves The Traveling Symphony, and they have dedicated themselves to keeping the remnants of art and humanity alive. But when they arrive in St. Deborah by the Water, they encounter a violent prophet who will threaten the tiny band's existence. And as the story takes off, moving back and forth in time, and vividly depicting life before and after the pandemic, the strange twist of fate that connects them all will be revealed. Look for Emily St. John Mandel's new novel, *The Glass Hotel*, available in March.

The Salt Lake Mining Review

A Country Road, A Tree

The Engineering and Boiler House Review

'Winner of the Commonwealth Writers Prize and Australian Book Industry Awards, Book of the Year. After a childhood of poverty and petty crime in the slums of London, William Thornhill is transported to New South Wales for the term of his natural life. With his wife Sal and children in tow, he arrives in a harsh land that

feels at first like a death sentence. But among the convicts there is a whisper that freedom can be bought, an opportunity to start afresh. As Thornhill stakes his claim on a patch of ground by the Hawkesbury River, the battle lines between the old and new inhabitants are drawn. Inspired by research into her own family history, Kate Grenville vividly creates the reality of settler life, its longings, dangers and dilemmas. The Secret River is a groundbreaking story about identity, belonging and ownership. There is no doubt Grenville is one of our greatest writers. A book everyone should read. It is evocative, gracefully written, terrible and confronting. And it has resonance for ever'.

Secretly Bound

"A Must Read Romance. This is one of the best books I've read this year. It has everything a book should have: action, adventure, violence, a butt-kicking heroine and one hot hero." —USA Today This world is trying to kill Lily Proctor. Her life-threatening allergies make it increasingly difficult to live a normal life, and after a completely humiliating incident ruins her first (and perhaps only) real party, she's ready to disappear. "Come and be the most powerful person in the world." Suddenly, Lily finds herself in a different Salem. One overrun with horrifying creatures and ruled by powerful women—including Lillian, this world's version of Lily. "It will be terrifying. It was for me." What made Lily weak at home, makes her extraordinary here. It also puts her in terrible danger. Faced with new responsibilities she can barely understand and a love she never expected, Lily is left with one question: How can she be the savior of this world when she is literally her own worst enemy?

Salem Falls

The Crucible of Doubt

When, in the winter of 1691, accusations of witchcraft surface in her small New England village, twelve-year-old Mary Chase fights to save her mother from execution.

Powerful Teaching

Unleash powerful teaching and the science of learning in your classroom Powerful Teaching: Unleash the Science of Learning empowers educators to harness rigorous research on how students learn and unleash it in their classrooms. In this book, cognitive scientist Pooja K. Agarwal, Ph.D., and veteran K-12 teacher Patrice M. Bain, Ed.S., decipher cognitive science research and illustrate ways to successfully apply the science of learning in classrooms settings. This practical resource is filled with evidence-based strategies that are easily implemented in less than a minute—without additional prepping, grading, or funding! Research demonstrates that these powerful strategies raise student achievement by a letter grade or more; boost learning for diverse students, grade levels, and subject areas; and enhance students' higher order learning and transfer of knowledge beyond the classroom. Drawing on a fifteen-year scientist-teacher collaboration, more than

100 years of research on learning, and rich experiences from educators in K-12 and higher education, the authors present highly accessible step-by-step guidance on how to transform teaching with four essential strategies: Retrieval practice, spacing, interleaving, and feedback-driven metacognition. With *Powerful Teaching*, you will: Develop a deep understanding of powerful teaching strategies based on the science of learning Gain insight from real-world examples of how evidence-based strategies are being implemented in a variety of academic settings Think critically about your current teaching practices from a research-based perspective Develop tools to share the science of learning with students and parents, ensuring success inside and outside the classroom *Powerful Teaching: Unleash the Science of Learning* is an indispensable resource for educators who want to take their instruction to the next level. Equipped with scientific knowledge and evidence-based tools, turn your teaching into powerful teaching and unleash student learning in your classroom.

Trial by Fire

The Crucible

When Jack St. Bride arrives by chance in the sleepy New England town of Salem Falls, he decides to reinvent himself. Tall, blond, and handsome, Jack was once a beloved teacher and soccer coach at a girls' prep school—until a student's crush sparked a powder keg of accusation and robbed him of his reputation. Now, working for minimum wage washing dishes for Addie Peabody at the Do-Or-Diner, Jack buries his past, content to become the mysterious stranger who has appeared out of the blue. With ghosts of her own haunting her, Addie Peabody is as cautious around men as Jack St. Bride is around women. But as this unassuming stranger steps smoothly into the diner's daily routine, she finds him fitting just as comfortably inside her heart - and slowly, a gentle, healing love takes hold between them. Yet planting roots in Salem Falls may prove fateful for Jack. Amid the white-painted centuries-old churches, a quartet of bored, privileged teenage girls have formed a coven that is crossing the line between amusement and malicious intent. Quick to notice the attractive new employee at Addie's diner, the girls turn Jack's world upside down with a shattering allegation that causes history to repeat itself - and forces Jack to proclaim his innocence once again. Suddenly nothing in Salem Falls is as it seems; a safe haven turns dangerous, an innocent girl meets evil face-to-face, a dishwasher with a Ph.D. is revealed to be an ex-con. As Jack's hidden past catches up with him, the seams of this tiny town begin to tear, and the emerging truth becomes a slippery concept written in shades of gray.

The Crucible

A military intelligence expert examines the most formative battle of World War II. The Battle of Normandy was the greatest offensive campaign the world had ever seen. Millions of soldiers battling for control of Europe were thrust onto the front lines of a massive war unlike any experienced in history. But the greatest of clashes would prove to be the crucible in which the outcome of World War II would be decided. Author John Prados tells the story of how and why the tactics and

battle plans of Normandy proved so formative, and reconstructs the climactic Allied Normandy breakout from both sides of the battle lines.

The Crucible

“A book that should start a long-overdue national conversation.” —Dave Barry With the F.D.A. agreeing to new trials to test MDMA (better known as Ecstasy) as a treatment for PTSD—which, if approved, could be available as a drug by 2021—Acid Test is leading the charge in an evolving conversation about psychedelic drugs. Despite their current illegality, many Americans are already familiar with their effects. Yet while LSD and MDMA have proven extraordinarily effective in treating anxiety disorders such as PTSD, they still remain off-limits to the millions who might benefit from them. Through the stories of three very different men, award-winning journalist Tom Shroder covers the drugs’ roller-coaster history from their initial reception in the 1950s to the negative stereotypes that persist today. At a moment when popular opinion is rethinking the potential benefits of some illegal drugs, and with new research coming out every day, Acid Test is a fascinating and informative must-read.
