This comprehensive history of the Harley takes a close look at the world's most famous motorcycle manufacturer, from its humble beginnings in a garden shed in 1903 to the surging popularity of today. More than 250 color and black-and-white photographs of Hogs, Shovels, Panheads, and Softails provide a visual documentary of the bike's transformation over the years, while an absorbing text by motorcycle journalist and Harley enthusiast, Tod Rafferty, follows the fortunes of this fabled marque as it approaches its centenary.

This dynamic volume chronicles the design and development of the Evolution engine and the machines it powers. Told through firsthand accounts from engineers and designers, this story goes beyond the new engine to Harley-Davidson's shift to a more nostalgic look. The book also covers the softtail suspension that has the appearance of 1940's-era suspension while providing a smooth and comfortable ride. Field taps into how Harley-Davidson transformed the motorcycle of choice for outlaws and outcasts into a cultural icon for affluent excitement.

We all relish a good scandal—the larger the figure (governor, judge) and more shocking the particulars (diapers, cigars)—the better. But why do people feel compelled to act out their tangled psychodramas on the national stage, and why do we so enjoy watching them, hurling our condemnations while savoring every lurid detail? With "pointed daggers of prose" (The New Yorker), Laura Kipnis examines contemporary downfall sagas to lay bare the American psyche: what we desire, what we punish, and what we disavow. She delivers virtuoso analyses of four paradigmatic cases: a lovelorn astronaut, an unhinged judge, a venomous whistleblower, and an over-imaginative memoirist. The motifs are classic—revenge, betrayal, ambition, madness—though the pitfalls are ones we all negotiate daily. After all, every one of us is a potential scandal in the making: failed self-knowledge and colossal self-deception—the necessary ingredients—are our collective plight. In *How to Become a Scandal*, bad behavior is the entry point for a brilliant cultural romp as well as an anti-civics lesson. "Shove your rules," says scandal, and no doubt every upright citizen, deep within, cheers the transgression—as long as it's someone else's head on the block.

Okay. Harken to my tale. Once upon a time (a couple of years ago) there were these brothers who had a bunch of really successful podcasts, and they decided to do a new podcast with their dad, where they all played D&D together as a family, and lo, this new podcast was called The Adventure Zone, and verily did it get downloaded over 10 million times, and wow

did it totally eat the brains of all who listened, because: It was just. That. Rad. AND THEN did these guys team up with artist Carey Pietsch, and make a graphic novel where the weirdly sweet and brilliant but also super SUPER vulgar and honestly kind of bizarre story of The Adventure Zone got adapted into a goofy, innovative, and compelling graphic novel! Let no man deny that it was the best idea ever, right? Reader, we're publishing it.

### **Aluminum Now**

Six Harley builders describe their motorcycles, how they became interested in bikes, and how their Harley is different from the others.

### **The Harley-Davidson Motor Company**

Sexy biker Dante Braden owned one of the hottest bars in Los Angeles and had women tossing themselves at him night after night for free drinks or anything else they might be able to get. However, he gave up having any kind of personal life a long time ago until Amara Langston suddenly came into his world. Nothing had ever prepared him for the way she brought a breath of fresh air into his life. The moment she climbed on the back of his motorcycle, Dante knew nothing would ever be the same. Amara wasn't thinking about a man the night she caught handsome six foot four Dante Braden's attention. He knocked any rational thought from her mind as she gazed into his eyes. Yet, she didn't have time to fall in love, especially with a guy like him, since her problems seemed miles away from his. So, it was for the best if she stopped things before they even started. Will Dante be able to show Amara she can count on him or will he lose the woman who has stolen his heart?

### **Harley-Davidson XL883 XL1200 Sportster 2004-2013**

Relates the story of a U.S. airman who survived when his bomber crashed into the sea during World War II, spent forty-seven days adrift in the ocean before being rescued by the Japanese Navy, and was held as a prisoner until the end of the war.
