When you've been accused of kidnapping an emperor, and every enforcer in the city wants your head, it's hard to prove yourself an honorable person and even harder to earn an imperial pardon. That doesn't keep Amaranthe Lokdon and her team of outlaws from trying. When athletes start disappearing from the Imperial Games, they may finally have an opportunity to show the emperor that they're on his side. If she and her comrades can get to the bottom of such a public mystery, they're sure to get the credit. But plans go awry when Amaranthe's own men start plotting against each other, the new ally she'd hoped to acquire tries to turn her in, and her best fighter—and closest friend—disappears. Maybe getting involved wasn't such a good idea after all... Deadly Games is approximately 110,000 words. It is the third book in The Emperor's Edge series.

An investigation into what thrills us, what terrifies us, and what would make us travel ten thousand miles and evade the local authorities, *The Devil's Picnic* is a delicious and compelling expedition into the heart of vice and desire. Taras Grescoe is the author of two books, one of which, *Sacre Blues: An Unsentimental Journey Through Quebec*, was shortlisted for the Writers' Trust Award and was a national bestseller in Canada. His work appears in major publications all over the US, the UK and Canada. "Vivid and entertaining."-New York Times "[Grescoe] spends a year in seven countries, seeking out such

delicacies as Epoisses cheese, which smells so bad it's said to have been banned from the Paris Metro; the author writes fondly that it makes 'Gorgonzola smell like Velveeta.' He eats bulls' testicles in Madrid and visits an absinthe distillery in Switzerland. You feel hung over just reading the thing-guilty, implicated and strangely hungry."-Los Angeles Times Also available: HC ISBN: 1-58234-429-9 ISBN-13 978-1-58234-429-4 \$24.95

Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his friend Kirill go into the Zone together to pick up a "full empty," something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he'll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, "Roadside Picnic" is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel's publication in Russia.
