Ensure your students have access to the authoritative, in-depth and accessible content of this series for the IB History Diploma. This series for the IB History Diploma has taken the clarity, accessibility, reliability and in-depth analysis of our best-selling Access to History series and tailor-made it to better fit the IB learner's needs. Each title in the series provides depth of content, focussed on specific topics in the IB History guide, and examination guidance on different exam-style questions - helping students develop a good knowledge and understanding of the topic alongside the skills they need to do well. Ensures students gain a good understanding of the IB History topic through an engaging, in-depth, reliable and up-to-date narrative - presented in an accessible way. Helps students to understand historical issues and examine the evidence, through providing a wealth of relevant sources and analysis of the historiography surrounding key debates. Gives students guidance on answering exam-style questions with model answers and practice questions.

Sayles' Annotated Civil Statutes of the State of Texas

The Architect

For students of civil engineering, the basic course on Strength of Materials is not enough to start their engineering career. They need an advanced course like Mechanics of Structures to understand strength and stability of several components of civil engineering structures. Hence, Mechanics of Structure is taught to all polytechnic students of civil engineering. It is written in SI units.

Notations used are as per Indian standard codes. Apart from West Bengal Polytechnic students of civil engineering branch, it is hoped that the students of other states with similar syllabus may also find this book useful. KEY FEATURES • 100 per cent coverage of new syllabus • Emphasis on practice of numericals for guaranteed success in exams • Lucidity and simplicity maintained throughout • Nationally acclaimed author of over 40 books

Register of Debates in Congress

Polytechnic Applied Mechanics

Includes chiefly reports of the Supreme Court and High Courts of India.

Report: Basic qualifications for appointment to the Uganda civil service

Civil Engineering Volume - II for SSC-JE 2019 (Prelims)

History for the IB Diploma: Causes, Practices and Effects of Wars

An exciting series that covers selected topics from the Higher Level options in the IB History syllabus. This coursebook covers Higher Level option 3, Topic 11, Civil Rights and Social Movements in the Americas. The text is divided into clear sections following the IB syllabus structure and content specifications. It offers a sound historical account along with detailed explanations and analysis, and an emphasis on historical debate to prepare students for the in-depth, extended essay required in the Paper 3 examination. It also provides plenty of exam practice including student answers with examiner's comments, simplified mark schemes and practical advice on approaching the Paper 3 examination.

Geotechnical Engineering: Principles and Practices, 2/e, is ideal for junior-level soil mechanics or introductory geotechnical engineering courses. This introductory geotechnical engineering textbook explores both the principles of soil mechanics and their application to engineering practice. It offers a rigorous, yet accessible and easy-to-read approach, as well as technical depth and an emphasis on understanding the physical basis for soil behavior. The second edition has been revised to include updated content and many new problems and exercises, as well as to reflect feedback from reviewers and the authors' own experiences.
