Industries that use pumps, seals and pipes will also use valves and actuators in their systems. This key reference provides anyone who designs, uses, specifies or maintains valves and valve systems with all of the critical design, specification, performance and operational information they need for the job in hand. Brian Nesbitt is a well-known consultant with a considerable publishing record. A lifetime of experience backs up the huge amount of practical detail in this volume. * Valves and actuators are widely used across industry and this dedicated reference provides all the information plant designers, specifiers or those involved with maintenance require * Practical approach backed up with technical detail and engineering know-how makes this the ideal single volume reference * Compares and contracts valve and actuator types to ensure the right equipment is chosen for the right application and properly maintained

When Algerian nationalists launched a rebellion against French rule in November 1954, France was forced to cope with a varied and adaptable Algerian strategy. In this volume, originally published in 1963, David Galula reconstructs the story of his highly successful command at the height of the rebellion. This groundbreaking work, with a new foreword by Bruce Hoffman, remains relevant to present-day counterinsurgency operations.

Nigella Collection: a vibrant new look for Nigella's classic cookery books. 'This is for those days or evenings when you want to usher a little something out of the kitchen that makes you thrill at the sheer pleasure you've conjured up.' The classic baking bible by Nigella Lawson ('Queen of the Kitchen' - Observer Food Monthly). This is the book that helped the world rediscover the joys of baking and kick-started the cupcake revolution, from cake shops around the country to The Great British Bake Off. How To Be a Domestic Goddess is not about being a goddess, but about feeling like one. Here is the book that feeds our fantasies, understands our anxieties and puts cakes, pies, pastries, preserves, puddings, bread and biscuits back into our own kitchens. With luscious photography, easy recipes, witty food writing and a beautiful hardback design, this is a book you will treasure for many years as well as a delicious gift for friends and family. Cakes - from a simple Victoria Sponge to beautiful cupcakes Biscuits - macaroons, muffins and other

Trailer Life

Monthly Catalog of United States Government Publications

This unique A-Z guide to central heating wiring systems provides a comprehensive reference manual for hundreds of items of heating and control equipment, making it an indispensable handbook for electricians and installers across the country. The book provides comprehensive coverage of wiring and technical specifications, and now includes increased coverage of combination boilers, recently developed control features and SEDBUK (Seasonal Efficiency of Domestic Boilers in the UK) boilers ratings, where known. In addition to providing concise details of nearly 500 different boilers fuelled by electric, gas, oil and solid fuel, and over 400 programmers and time switches, this invaluable resource also features numerous easy-to-understand wiring diagrams with notes on all definitive systems. Brief component descriptions are provided, along with updated contact and website details for most major manufacturers. Ray Ward has spent over 20 years as a specialist in the field of wiring domestic central heating systems and the
