Bob Waterman, Co-Author; In Search of Excellence, Author; The Renewal Factor, Adhocracy - the Power to Change, What America Does Right "Hans Amell has written a really important book. It also gives a number of more practical advice coming from the vast experience of the author's long life in the corporate sector. It is a book I really recommend for anyone entrusted with leading companies in the next volatile decade." Leif Johansson; Chairman Ericsson & AstraZeneca "Mastering Agility offers a timely look at some of the global political, economic, technological and social forces rocking today's corporate world and offers plenty of well-crafted advice for not only staying afloat, but sailing ahead. It is a must read for business leaders who want to navigate the sea of changes taking place" Dr. John W. Graham, Ph.D, Professor of Economics, Rutgers, The State University of New Jersey "Terrific opportunities! An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their

battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, Extreme Ownership shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, Extreme Ownership revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.
