Spring Came on Forever

For the first time ever, Nobel Peace Prize Laureate His Holiness the Dalai Lama addresses children directly, sharing lessons of peace and compassion, told through stories of his own childhood. One of today's most inspiring world leaders was once an ordinary child named Lhamo Thondup. In a small village in Tibet, his mother was his first great teacher of compassion. In everyday moments from his childhood, young readers begin to see that important lessons are all around us, and that they, too, can grow to truly understand them. With simple, powerful text, the Dalai Lama shares the universalist teachings of treating one another with compassion, which Bao Luu illustrates beautifully in vibrant color. In an increasingly confusing world, *The Seed of Compassion* offers guidance and encouragement on how we all might bring more kindness to it.

First Time in Forever/Some Kind of Wonderful

The inspiring story of a young ornithologist who reintroduced puffins where none had been seen for a century Project Puffin is the inspiring story of how a beloved seabird was restored to long-abandoned nesting colonies off the Maine coast. As a young ornithology instructor at the Hog Island Audubon Camp, Dr. Stephen W. Kress learned that puffins had nested on nearby islands until extirpated by hunters in the late 1800s. To right this environmental wrong, he resolved to bring puffins back to one such island--Eastern Egg Rock. Yet bringing the plan to reality meant convincing skeptics, finding resources, and inventing restoration methods at a time when many believed in "letting nature take its course." Today, Project Puffin has restored more than 1,000 puffin pairs to three Maine islands. But even more exciting, techniques developed during the project have helped to restore rare and endangered seabirds worldwide. Further, reestablished puffins now serve as a window into the effects of global warming. The success of Dr. Kress's project offers hope that people can restore lost wildlife populations and the habitats that support them. The need for such inspiration has never been greater.

Playing by the Greek's Rules

Long ago, meaning early in the 20th century, before the Great Depression and all the wars of that and this century, before computers and social media, life did indeed go on in the United States. Telephones and radio and automobiles were new and not for everyone. Thus there were the rhythms of life and relationships, more akin to earlier times than to today. As now, it made a difference if you were born man or woman, black or white or other, rich or poor or whether Roe v. Wade had been decided by the Supreme Court. These novellas are of those times. Our young people made a voyage without the help of a GPS, using the skills of celestial navigation; our young women, black and white lived parallel lives side by each

quietly bound by custom and tradition. What were they thinking? They could not know what lay ahead. So, in a way, they innocently pursued their lives, accepting the good and bad as God's will.

The Forever Court (Knights of the Borrowed Dark, Book 2)

Acclaimed for her 1928 novel *A Lantern in Her Hand*, Bess Streeter Aldrich became one of the most widely read interpreters of the prairie pioneer experience. In 1935, she published her masterpiece, *Spring Came on Forever*, a novel of two Nebraska pioneer families from settlement to the 1930s. Elsewhere an artist of the romance, here Aldrich turns romance on its head. The heroine is Amalia Holmsdorfer, one of a band of German immigrants who settle on the prairie. From her late teens to her mid-eighties she confronts and defeats the forces of nature and society that discourage or ruin others. Her life might be a modest triumph but for one detail: she married the wrong man. Quickly paced and precisely drawn, this novel is Aldrich's greatest tribute to the complexity, humor, endurance, and intelligence of the people who settled the prairie. Whatever its sentiments, it has as many cutting edges as a buzz saw.
