Singapore has been a world leader in math performance for over 15 years. Bring the world-class Singapore curriculum to your students with Math in Focus. Singapore's curriculum was one of the models used to create the Common Core State Standards. Math in Focus provides complete Common Core support for teachers and students. Math in Focus teaches concepts using a concrete-pictorial-abstract learning progression to anchor learning in real-world, hands-on

experiences. Problem solving is at the heart of the Singapore math curriculum and is supported with a proven pedagogy and innovative technology, including the Singapore Math, Bar Models app for iPad. - Publisher.

The Saxon Math program "helps children become competent and confident learners This book shows references to the primary Common Core State Standards domain and cluster or Mathematical Practice addressed by each lesson and investigation. The Lesson Extension Activities provided in this book will help reinforce that knowledge. Each of these activities was developed to spring from the instruction of the designated lesson or investigation."--Author's introduction.
