Lost Spring

This eBook edition of "Ode to a Nightingale" has been formatted to the highest digital standards and adjusted for readability on all devices. "Ode to a Nightingale" is either the garden of the Spaniards Inn, Hampstead, London, or, according to Keats' friend Charles Armitage Brown, under a plum tree in the garden of Keats House, also in Hampstead. According to Brown, a nightingale had built its nest near his home in the spring of 1819. Inspired by the bird's song, Keats composed the poem in one day. It soon became one of his 1819 odes and was first published in Annals of the Fine Arts the following July. "Ode to a Nightingale" is a personal poem that describes Keats's journey into the state of Negative Capability. The tone

of the poem rejects the optimistic pursuit of pleasure found within Keats's earlier poems and explores the themes of nature, transience and mortality, the latter being particularly personal to Keats. The nightingale described within the poem experiences a type of death but does not actually die. Instead, the songbird is capable of living through its song, which is a fate that humans cannot expect. John Keats (1795-1821) was an English Romantic poet. The poetry of Keats is characterized by sensual imagery, most notably in the series of odes. Today his poems and letters are some of the most popular and most analyzed in English literature.

Scientific American

‘The best of R.K. Narayan’s enchanting novels’—The New Yorker Raju, a corrupt tourist guide, together with his lover, the dancer Rosie, leads a prosperous life before he is thrown into prison. After release he rests on the steps of an abandoned temple when a peasant passing by mistakes him for a holy man. Slowly, almost reluctantly, he begins to play the part, acting as a spiritual guide to the village community. Raju’s holiness is put to the test when a drought strikes the village, and he is asked to fast for twelve days to summon the rains. Set in Narayan’s fictional town, Malgudi, *The Guide* is the greatest of his comedies of self-deception. ‘A brilliant accomplishment ... Narayan is the compassionate man who can write of human life as comedy’—The New York Times Book Review ‘Narayan is such a natural writer, so true to his experience and

emotions'—V.S. Naipaul

Topi Shukla

Set in Aligarh in the early 1960s, after the dust of Partition has ostensibly settled, Topi Shukla is an intriguing story of two friends—one Hindu and the other Muslim. Through the characters of people like Topi and Iffan, the novel looks at the lives of ordinary people trying to survive in a society that insists on a brutal conformity of behaviour. It is about individuals whose spirits are paralysed because they cannot conform, and about history's inability to teach

mankind any worthwhile lessons. Language plays an important part in this narrative, operating almost as a character in its own right. Topi, as a Hindi bull in the Urdu china shop, invokes the historical stand-off between the two languages. The novel also explores the culture and psyche of Uttar Pradesh with its very Muslim Aligarh, its very Hindu Benares, and their exotic confluence in Lucknow. Although it is set in the India of the 1960s, the communal tensions and issues portrayed in the novel make it just as relevant to the troubled times we face today. This fascinating novel will be of tremendous interest to the general reader, as well as to students of literature in translation, partition fiction, and social history. The novel's engagement with intertextuality and metafiction will add to its interest for readers keen on literary theory.

Brad Foley was once a deputy sheriff, but that was taken away from him. He lost his job, his badge, his home, and his reason for living. Now working his way out of his own personal hell, he takes what work he can get, such as finding out who the dead girl in the morgue really is. To the police she's a "Jane Doe," just another prostitute killing. But she could be from one of the San Francisco pioneering families. When the trail leads from an alley south of Market Street up to the California governor's mansion and then north to Mendocino County where he once wore a deputy sheriff's badge, Foley doesn't hesitate. Murder, politics, drugs, and the big city escort business are all part of what Foley is facing. A former cop with failure in his background, he finds himself caught up in a situation almost beyond his abilities.

The Story of the Three Bears

ODE TO A NIGHTINGALE

In *Going to Extremes* writer, presenter and Oxford geography don Nick Middleton visits Oymyakon in Siberia, where the average winter temperature is -47 degrees and 40% of the population have lost their fingers to frostbite while changing the car wheel. Next he travels to Arica Chile where there have been fourteen consecutive years without a drop of rain and so fog is people's only source of water. Going from the driest to the wettest, he visits Mawsynram in India which annually competes for the title with its neighbour Cherrapunji. However, Nick discovers even here, that during the dry season, there is water shortage and one entrepreneur has started selling it bottled. Finally his journey takes him to Dalol in Ethiopia known as the 'hell hole of creation' where the temperature remains at 94 degrees year round. Here Nick will join miners who work all day with no shade, limited water and no protective clothing. The book and series consider how and why people lives in these harsh environments. How does Nick's body react to these contrasting extremes? He looks at the geographical and meteorological conditions. He meets local characters and discovers the history of these settlements to find out how they ever became populated. He looks at the way both the population, and the flora and fauna, have adapted physically to the climate, and also considers the psychological impact of living under such conditions.

The Silk Road is the fabled route that cuts through one of the most extraordinary tracts of land on this

planet. A vast region separating China from the Mediterranean, it rates as one of the least hospitable on Earth – a succession of hostile deserts and towering mountain ranges, a harsh terrain of howling winds, searing heat and blistering cold. No stranger to unforgiving territory, Nick Middleton follows in the footsteps of Alexander the Great and Marco Polo overland from China to Istanbul, surviving as they did the life-sapping Gobi desert, the icy passes of high altitude Tibet, and the great Steppes of Turkmenistan, and encounters those who eke out existences there today. Nick's great gift as an adventure writer is to weave together the personal experience of ridiculous endurance - from sleeping on steaming rocks in the middle of a sub-zero desert to eating the most dubiously-cooked local delicacies - with the bigger picture of our planet and its peoples.
