Houghton Mifflin Harcourt Journeys Reading Adventure

From Stan Lee, the pop culture legend behind Marvel’s The Avengers™, Black Panther™, X-Men™, Spider-Man™, The Fantastic Four™, and Iron Man™, comes a major literary event featuring two heroic teenagers—one born with extraordinary gifts, one unwillingly transformed. Together they can change the world . . . or put it in the destructive hands of a danger beyond imagination. Set in Stan Lee’s Alliances Universe, co-created by Lee, Luke Lieberman, and Ryan Silbert, and along with Edgar Award-nominated co-writer Kat Rosenfield, Stan Lee delivers a novel packed with the pulse-pounding, breakneck adventure and the sheer exuberant invention that have defined his career as the creative mastermind behind Marvel’s spectacular universe. “Leave it to Stan Lee to save his very best for last. A Trick of Light is as heartfelt and emotional as it is original and exciting. What a movie this one will make.”—James Patterson “For lovers of Stan Lee this is nothing short of a publishing event! (And, honestly, who the hell doesn’t love Stan Lee?) Beguiling, cinematic, operatic, A Trick of Light is a bracing espresso first thing in the morning and the thrum of a familiar love deep at night.”—Gary Shteyngart, author of Absurdistan and Lake Success

When Curious George attends the first day of school as a special helper, he winds up creating a big mess.

To See a World

Who says there's only one way to write a story? A young boy wants to write a story, but he only knows his letters, not words. His sister says, "Why don't you start there, with a letter?" So the boy tries. He chooses an easy letter to begin with. The letter I. And to his delight, with just the power of his vivid imagination, and no written words, an amazing story begins to unfold. Right before his eyes. This playful tale about creativity will inspire budding authors everywhere to envision new ways to write stories of their own. With or without words!

What Is in the Sky? Grade K Book 8

The amazing, true story of Fiona, a baby hippo born prematurely at the Cincinnati Zoo, the team of scientists and caregivers who nursed her to health, and the vast community in Cincinnati and beyond who rallied around her. Includes full-color behind-the-scenes photographs throughout. On a cold January day in 2017, nearly two months before due date, Nile hippopotamus Bibi gave her keepers at the Cincinnati Zoo & Botanical Garden a big (little) surprise—a tiny newborn hippo, no bigger than a football. The first premature hippo born and raised in captivity, baby Fiona was an underdog from the start: she couldn't nurse, she couldn't stay hydrated, and she wasn't thriving. But the staff at the zoo knew they could save her. It would take creative thinking and teamwork. They would have to study the makeup of hippo milk for the first time ever and reach out to medical colleagues, including a team at the local Children's Hospital with superior vein-finding skills, to ensure that Fiona would begin to gain weight and become healthy. When Fiona began to thrive, her star began to rise, and soon she became an internet sensation, her picture and videos garnering thousands and thousands of likes and fans on Instagram and Facebook. Now a Fiona appearance at the Zoo mimics a Beatles concert. What made this little, now big, hippo such a big hit with people all over the world? And what's in store for her and her family in the future?

A Squiggly Story

A study of Boston-based Ticknor and Fields, a leading literary publisher of its time.

Journeys, Write-In Reader, Grade 2

HOW TO BE YOUR OWN LITERARY AGENT is the most practical and thorough guide to book publishing for writers. Richard Curtis, a top literary agent for more than twenty-five years, provides a comprehensive overview of the publishing process, from submissions to contract negotiations to subsidiary rights to marketing and beyond. In this completely revised and expanded edition, Curtis takes into account the enormous changes in the publishing world over the past ten years. Included are new sections on what the electronic revolution means to you, and how to take advantage of it; the new breed of literary agents: how to find them and interest them in your work; how you can have a say in your book's design, cover art, jacket copy, and promotion; what author and agent organizations can do for you; how book chains and the superstores affect your chances of getting published; and why the American Booksellers Association convention is important to you. No other book provides such detailed and accessible information. For novices and veteran writers alike, HOW TO BE YOUR OWN LITERARY AGENT takes the mystery out of getting the best deal possible and ensuring happy publication.

Curious George's First Day of School

Houghton Mifflin Harcourt Handwriting

Curious George Visits the Library

"Changez is living an immigrant's dream of America. At the top of his class at Princeton, he is snapped up by the elite valuation firm of Underwood Samson. He thrives on the energy of New York, and his budding romance with elegant, beautiful Erica promises entry into Manhattan society at the same exalted level once occupied by his own family back in Lahore. But in the wake of September 11, Changez finds his position in his adopted city suddenly overturned and his relationship with Erica eclipsed by the reawakened ghosts of her past. And Changez's own identity is in seismic shift as well, unearthing allegiances more fundamental than money, power, and maybe even love"--Jacket.

Math Expressions

Nick Abbott and Trent Dawson have nothing in common but basketball. Or so it seems. But as the basketball season progresses, their lives become unexpectedly intertwined. In this story of an unlikely bond, award-winning author Carl Deuker explores that dark and confusing place between loneliness and friendship, between faithfulness and betrayal. Filled with gripping game play, the novel will leave readers wondering how much they themselves would reach out to a kid like Trent.
