The Parliamentary Election Manual

Heal and receiving healing! Prayers and precise instructions give you the power from God you need to heal the sick and bring hope to the hopeless. Share His power with someone you love today! One day as He [Jesus] was teaching...the power of the Lord was present for Him to heal the sick (Luke 5:17 NIV). This same power is present in you today! Author Joan Hunter has been praying for the sick for 40 years, and has seen multiple thousands of miracles and healings. You too can: Receive and retain healing. Allow God to use you. Know how to approach someone who needs healing. Effectively pray for healing. Lay hands on the sick and they will recover (Mark 16:18b). Fulfill the Great Commission. Discover what is in your tool box. Healing Starts Now contains the clearest and simplest instructions for ministering healing ever written. It

takes much of the mystery out of healing prayer, and your fear of praying for the sick will disappear. You will pray for the sick with confidence, knowing God will heal. The book is full of proven effective directions and diagrams that precisely detail how to heal the sick along with specific prayers for hundreds of conditions. You will lay hands on the sick and they will recover!

Tone: it's the concept that gear-obsessed guitarists discuss more than any other, and the Tone Manual is

the first book to take this hallowed concept seriously. In the course of breaking down the individual components of the electric guitar rig, the book both examines the ingredients in any given piece of equipment that contribute to superior or inferior sound, and offers tips on improving and making the most of the gear you've already got - all with reference to interviews with name artists and manufacturers. In addition, the Tone Manual discusses the evolution of the guitarist's concept of "good tone." It provides an extensive guide to recorded examples of playing generally considered "tonally superior," citing examples from the early days of electric jazz, blues, country, and rock and roll; from the classic rock, blues rock, and heavy rock heyday of the late 1960s and early '70s; and from myriad contemporary artists. Throughout the Tone Manual, a series of more than 30 Tone Tips will offer quick, digestible, practical info bites to help readers improve their sound and better understand their equipment. The Tone Manual also includes helpful diagrams and a cover-mounted CD.

Gabriel is a boy who has just lost everything. His parents have died and he's forced to move to a strange country, France, to find a new home. He dislikes his crazy aunt, who he has to live with, he

doesn't want to learn French, and to make matters worse, the only real family he has left is his whiny baby brother. Despite all this, as soon as Gabriel enters his aunt's ancient castle, he realizes that all these disasters might be the beginning of a grand adventure. In the castle of Chateau Larcher, the walls groan and the attic talks. Shadows take on strange shapes and Gabriel becomes convinced the castle is haunted. But the ghosts in Chateau Larcher aren't what Gabriel expects and he soon learns that skeletons aren't always scary and ghosts can tell the most interesting stories.
