Geography for the IB Diploma Study and Revision Guide SL and HL Core

IB Higher Mathematics for the Diploma Programme provides everything you need for the Core IB Diploma Programme in Higher Maths. It is packed with carefully levelled exercises and exam practise along with advice. In addition, there is background material to help students connect maths to the real world. Included is a CD with a PDF of the entire book with preparation and extra practise material.

Mathematics for the International Student

Featuring a wealth of digital content, this concept-based Print and Enhanced Online Course Book Pack has been developed in cooperation with the IB to provide the most comprehensive support for the new DP Mathematics: analysis and

approaches HL syllabus, for first teaching in September 2019.

Psychology for the IB Diploma

Build confidence in a range of key textual analysis techniques and skills with this practical companion, full of advice and guidance from experienced experts. - Build analysis techniques and skills through a range of strategies, serving as a useful companion throughout the course - from critical-thinking, referencing and citation and the development of a line of inquiry to reflecting on the writing process and constructing essays for Paper 1 and Paper 2 - Develop skills in how to approach a text using textual analysis strategies and critical theory, for both unseen texts (the basis of Paper 1) and texts studied in class - Concise, clear explanations help students navigate the IB requirements, including advice on assessment objectives and how literary and textual analysis weaves through Paper 1, Paper 2, the HL Essay, Individual Oral and the Learner Profile - Build understanding in how to approach texts so that students can write convincingly and passionately about texts through active reading, note-taking, asking questions, and developing a personal response to texts - Engaging activities are provided to test understanding of each topic and develop skills for the exam - guiding answers are available to check your responses

IB Mathematics Higher Level Course Book

Comprehensively updated to match the new DP Psychology syllabus, for first teaching September 2017, the second edition of this assessment-focused study tool presents all the key concepts covered at Standard and Higher Level, building learners' confidence and promoting long-term achievement in examinations. Key concepts are broken down into manageable segments as part of a concise, accessible format, reinforcing understanding and facilitating effective revision. Rigorous extension material provides opportunities for learners to be stretched, whilst clear, straightforward language and visual aids support EAL learners.

IB Mathematics: Analysis and Approaches HL in 150 Pages

Directly linked to Oxford's bestselling DP Mathematics resources, this new Course Preparation resource thoroughly prepares students to meet the demands of IB Diploma Programme Mathematics and offers guidance to students deciding whether to take MAA or MAI, and SL or HL.

Mathematics - Analysis and Approaches

Stretch your students to achieve their best grade with these year round course

companions; providing clear and concise explanations of all syllabus requirements and topics, and practice questions to support and strengthen learning. - Consolidate revision and support learning with a range of exam practice questions and concise and accessible revision notes - Practise exam technique with tips and trusted guidance from examiners on how to tackle questions - Focus revision with key terms and definitions listed for each topic/sub topic

Textual analysis for English Language and Literature for the IB Diploma

Includes Practice Test Questions IB Mathematics (SL) Examination Secrets helps you ace the International Baccalaureate Diploma Programme, without weeks and months of endless studying. Our comprehensive IB Mathematics (SL) Examination Secrets study guide is written by our exam experts, who painstakingly researched every topic and concept that you need to know to ace your test. Our original research reveals specific weaknesses that you can exploit to increase your exam score more than you've ever imagined. IB Mathematics (SL) Examination Secrets includes: The 5 Secret Keys to IB Test Success: Time is Your Greatest Enemy, Guessing is Not Guesswork, Practice Smarter, Not Harder, Prepare, Don't Procrastinate, Test Yourself; A comprehensive General Strategy review including: Make Predictions, Answer the Question, Benchmark, Valid Information, Avoid Fact

Traps, Milk the Question, The Trap of Familiarity, Eliminate Answers, Tough Questions, Brainstorm, Read Carefully, Face Value, Prefixes, Hedge Phrases, Switchback Words, New Information, Time Management, Contextual Clues, Don't Panic, Pace Yourself, Answer Selection, Check Your Work, Beware of Directly Quoted Answers, Slang, Extreme Statements, Answer Choice Families; Along with a complete, in-depth study guide for your specific IB test, and much more

Mathematics

This book takes a fresh look at programs for advanced studies for high school students in the United States, with a particular focus on the Advanced Placement and the International Baccalaureate programs, and asks how advanced studies can be significantly improved in general. It also examines two of the core issues surrounding these programs: they can have a profound impact on other components of the education system and participation in the programs has become key to admission at selective institutions of higher education. By looking at what could enhance the quality of high school advanced study programs as well as what precedes and comes after these programs, this report provides teachers, parents, curriculum developers, administrators, college science and mathematics faculty, and the educational research community with a detailed assessment that can be used to guide change within advanced study programs.

Biology Higher Level

The most comprehensive match to the new 2014 Chemistry syllabus, this completely revised edition gives you unrivalled support for the new concept-based approach, the Nature of science. The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life applications drive achievement.

Mathematics - Applications and Interpretation

This revision guide will be a valuable resource and reference for students, assisting them to understand and learn the theory of IB Mathematics: Analysis and Approaches Standard Level. The Guide aims to help the IB student by both revising the theory and going through some well-chosen examples of the new IB Mathematics: Analysis and Approaches SL curriculum. By presenting the theory that every IB student should know before taking any quiz, test or exam, this revision guide is designed to make the topics of IB Math: Analysis and Approaches SL both comprehensible and easy to grasp.

Physics for the IB Diploma Study and Revision Guide

This revision guide will be a valuable resource and reference for students, assisting them to understand and learn the theory of IB Math HL. The Guide aims to help the IB student by both revising the theory and going through some well-chosen examples of the IB Mathematics HL curriculum. By presenting the theory that every IB student should know before taking any quiz, test or exam, this revision guide is designed to make the topics of IB Maths HL both comprehensible and easy to grasp.

Mathematics for the IB Diploma: Analysis and approaches SL

For students studying the new Language A Language and Literature syllabus for the IB Diploma. Written by an experienced, practising IB English teacher, this new title is an in-depth and accessible guide for Standard and Higher Level students of the new Language A Language and Literature syllabus for the IB Diploma. This lively, well structured coursebook is available in both print and e-book formats and includes: key concepts in studying language and literature; text extracts from World literature (in English and in translation); international media and language sources; a wide variety of activities to build skills; materials for exam preparation; guidance on assessment; Theory of Knowledge links; and Extended essay opportunities.

IB Physics Course Book

Exam Board: IB Level: IB Subject: Geography First Teaching: September 2017 First Exam: Summer 2019 Stretch your students to achieve their best grade with these year round course companions; provides comprehensive content on all topics, and practice questions to support and strengthen learning. - Develop understanding and knowledge with clear and concise coverage of the syllabus - Target learning with individual books for Standard and Higher level - Consolidate revision and check understanding with a range of exam practice questions - Practise exam technique with tips from examiners throughout on how to tackle questions - Focus revision with key terms and definitions listed for each topic/sub topic

Ib Mathematics SL in 80 Pages: 2018-2019

Written by an experienced IB Economics teacher to solidify all the skills central to IB assessment, this focused study tool comprehensively matches the 2011 syllabus at SL and HL. Targeted skills development exercises and worked examples along with step-by-step support for the new quantitative element ensure exceptional achievement.

Learning and Understanding

Oxford IB Diploma Programme: Mathematics Higher Level Course Companion

Designed for the International Baccalaureate Diploma Programme - Accompanied by a CD-ROM.

Evaluation to Improve Learning

How you prepare for the IB math exam is more important than how many hours you spend preparing! This study guide provides everything you need to master the challenging concepts from basic Algebra to Calculus, and will help you focus your studies on the most important math topics to maximize your score! This comprehensive study guide contains many essential and unique features to help improve exam scores, including: * Detailed explanations for solving each formula presented * Methods and strategies to improve your math score * Review of important Math Concepts This study guide provides you with everything you need to improve your Math score-unquestionably. With more than 30 years of teaching experience, Dr. Jiaoshou has helped thousands of students successfully prepare for standardized tests, so we know that these test-taking techniques, methods, and strategies work. This study guide is the must-have preparation tool for every

student looking to score higher on the IB Math Exams and get into their top-choice college!"

Mathematics for the International Student: Worked solutions

A new series of Exam Preparation guides for the IB Diploma Mathematics HL and SL and Mathematical Studies. This exam preparation guide for the IB Diploma Mathematical Studies course breaks the course down into chapters that summarise material and present revision questions by exam question type, so that revision can be highly focused to make best use of students' time. Students can stretch themselves to achieve their best with 'going for the top' questions for those who want to achieve the highest results. Worked solutions for all the mixed and 'going for the top' questions are included, plus exam hints throughout. Guides for Mathematics Higher Level and Standard Level are also available.

Economics for the IB Diploma Revision Guide

IB Mathematics: Analysis and Approaches SL in 80 Pages

Provides coverage of the syllabus requirements and the options for Biology HL.
