Help your students understand the growing significance of fraud in today's accounting world as the latest edition of this provocative text teaches how to

identify, detect, investigate, and prevent financial fraud.

Albrecht/Albrecht/Albrecht/Zimbelman's FRAUD EXAMINATION, 3e, International Edition, closely examines the nature of fraud using memorable business examples and captivating actual fraud cases drawn from the first-hand experience of well-recognized fraud investigator and forensic accounting expert W. Steve Albrecht and the entire authorship team. Students examine the many types of fraud, including recent developments such as the unique, rapidly increasing e-business fraud. Students see both how technology is increasingly involved in fraud and how it can be used to detect fraud. This edition even addresses legal options for victims of fraud. Significant new discussion of forensic analysis expands students' understanding of the field, while a fresh, clean design increases readability and student appeal. New learning features and strong end-of-chapter exercises draw attention to the most important information and drive critical thinking. New ACL software, the foremost fraud software on the market, and instant access to Picalo, a specialized fraud analysis software created by Conan Albrecht, are now included with this edition for your convenience. Select chapter assignments in Chapter 6 integrated with the software provide students with important hands-on technology experience. Trust the current, complete coverage found in Albrecht/Albrecht/Albrecht/Zimbelman's FRAUD EXAMINATION, 3e, International Edition, to prepare your students for success in this exciting field of escalating importance.

Financial Accounting: Information for Decisions, 5/e addresses the topics and issues typically covered in Financial Accounting while at the same time motivating

students interest in accounting through its extensive use of entrepreneurial examples, application of analysis skills, integration of interactive tutorial software, and a highly engaging pedagogical design. This book thoroughly integrates ideas and practices followed by today's business entrepreneurs, speaking more directly to students and better preparing them for the workforce they will enter.

Fraud Examination

With this 5th edition, readers will acquire a practical set of tools and the confidence they need to use them effectively in making business decisions. The authors follow a "macro- to micro-" strategy by starting with a discussion of real financial statements first, rather than starting with the Accounting Cycle. The objective is to establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. This motivates readers by grounding the discussion in the real world, showing them the relevance of the topics covered to their careers. New content features such as a fresh and focused approach to Excel, "People, Profit, Planet", a revised continuing managerial case, and new managerial accounting videos will also engage students and differentiate Kimmel Accounting 5e from the prior edition.

Financial Accounting, Working Papers

A new collection of best practices for designing better compensation and benefit programs... 2 authoritative books, now in a convenient e-format, at a great price! 2 authoritative eBooks help you drive more value, efficiency, and competitive advantage from compensation and benefits programs Compensation and benefit programs are the largest expenses in most organizations; in service organizations, they often represent more than 50% of total costs. In this unique 2 eBook package, leading consultant Bashker D. Biswas helps you systematically optimize these programs to maximize value, efficiency, and competitive advantage. In *Employee Benefits Design and Planning*, Biswas brings together all the knowledge you need to make better benefits decisions. He introduces core principles for ensuring proper financing, funding, compliance, and recordkeeping; accurate actuarial calculations; and effective employee communication. Building on these principles, he guides you through benefits ranging from healthcare and disability insurance to retirement and cafeteria plans. You'll find up-to-date discussions of complex challenges, such as the Affordable Care Act and global benefits planning. Throughout, he offers essential insights for managing rising costs and risks, while ensuring that benefits programs improve productivity, reflect best practices, and align with your organization's strategy and goals. Next, in *Compensation and Benefit Design*, Biswas helps HR professionals bring true financial and accounting discipline to compensation and benefit design, tightly align talent management to strategy, and quantify program performance in the language of finance. Biswas thoroughly explains best-fit practices for superior program design, demystifies

relevant financial and accounting concepts, and illuminates key connections between HR program development and GAAP/IFRS accounting requirements. His far-reaching coverage ranges from integrating compensation and benefits into Balanced Scorecards to managing expatriate compensation. Biswas reveals the true financial implications of every element of modern compensation and benefit programs, from base salaries to stock incentives, sales compensation to healthcare cost containment. Perhaps most important, he helps you systematically measure the value of your investments -- so you can both prove and improve your performance. Simply put, this collection brings together unparalleled tools for optimizing compensation and benefits programs -- whether you're in HR, finance, line-of-business management, or corporate management. From Dr. Bashker D. Biswas, world-renowned expert in employee compensation and benefits program design
