Textbook of Human Neuroanatomy

The year is 1964 and Jaggi is one of a group of 128 Indians who set sail from Bombay (now Mumbai) for Britain aboard an Italian ocean liner. Shortly after arriving in London they part company, each to go their own way. While the vast majority of them choose to settle down in the economically vibrant South, an accident of fate takes Jaggi up North. Some 34 years later "the boat people" meet again - on board the luxury yacht of one of them, who is now a multi-millionaire businessman. He has organised the get-together to toast their collective success in their new homeland. But Jaggi finds he has little to celebrate about and there are further shocks waiting for him.

New Abacus 5: Number Textbook 1

A new cozy mystery series from USA Today best-selling author Dale Mayer. Follow gardener and amateur sleuth Doreen Montgomery—and her amusing and mostly lovable cat, dog, and parrot—as they catch murderers and solve crimes in lovely Kelowna, British Columbia. Riches to rags. Chaos to more chaos. Fire destroys evidence. Or at least most of it! Flush with success from solving a decade-old kidnapping case, Doreen can't wait to find out what's next in her one-woman crusade to clean up Kelowna's cold crimes. But, before she can unearth another old case to sink her teeth into, she must tie up some loose ends from the last one. Steve Albright, fixer for the local biker gang, has made it clear that he blames Doreen for sending his friend Penny Jordan to prison. Steve even suggests that Doreen might have set up Penny Jordan. While Doreen wouldn't do that, she's afraid that other people might believe Steve. He's a popular figure in town and has a lot of friends, many of whom Doreen doesn't want to get any closer to than she must. At least Steve doesn't have his gun anymore, having dropped that in Doreen's neighbor's gardenia bed while she chased him from her yard. Which makes Doreen think that maybe it's safe to dig into Steve's past. Until she uncovers a connection to three arson cases from years ago and is warned off by Corporal Mack Moreau. But Doreen's never listened to Mack before, and it has all worked out thus far, so it's not like she has to listen to him now. Right?

The Boat People

Henry Mancini, the first publicly successful and personally recognizable film composer in history, has practically become a Hollywood brand name. In his lifetime, he sold thirty million albums and won four Oscars and twenty Grammy awards. Through Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music,

Henry Mancini: Reinventing Film Music describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movies and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wrote his first dramatic music for a radio series in 1950. By the mid-1960s, he wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show Peter Gunn, the sly theme from The Pink Panther, and his wistful folk song "Moon River" from Breakfast at Tiffany's. Following the evolution of Mancini's style, Caps traces the history of movie scoring in general: from the jazz-pop of the 1960s to the edgier, electro-funk harmonies of the Watergate 1970s, from the revisionist 1980s marked by New Age trends and new jazz chords to the frustrating New Hollywood of the 1990s when films were made by committees of lawyers rather than by artisans. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of each film to create musical effects through clever instrumentation, eloquent melodies, and the strong narrative qualities of his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music.
