Operations Management, 12/e

This text is designed as an alternative to the third edition of Production and Operations Management: Strategies and Tactics. It is a shorter, less technical introduction to the material, created for undergraduate courses in production and operations management.

Production & Operations Management

Operations Management Access Code

A simplified and relevant appraisal of key aspects of Operations Management, especially tailored for an Arab audience. The text covers the discipline's essential theory, and directly applies it to real life, local business scenarios for contextualised and engaged student learning.

Operations Management, Flexible Version, Student Value Edition

Lecture Guide for Operations Management

Principles of Operations Management Mylab Operations Management Combo Access Card

A broad introduction to operations, reinforced with extensive practice problems. Operations Management: Sustainability and Supply Chain Management presents a broad introduction to the field of operations in a realistic and practical manner, while offering the largest and most diverse collection of issues on the market. Solved problems and worked examples found in the 13th Edition provide ample support -- to help readers better understand concepts important to today's operations management professionals. For a briefer version without the business analytic modules at the end of the text, see Heizer/Render/Munson's Principles of Operations Management: Sustainability and Supply Chain Management, 11e (0135173930 / 9780135173930). For courses in operations management. Pearson

eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline.

Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily customize the table of contents, schedule readings and share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. And, reading analytics offer insight into how students use the eText, helping educators tailor their instruction.

NOTE: This ISBN is for the Pearson eText access card. For students purchasing this product from an online retailer, Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor. In addition to your purchase, you will need a course invite link, provided by your instructor, to register for and use Pearson eText.

authors have added a new feature of showing how to build your own Excel model. This new feature appears in 5 chapters and now describes how to develop the formulas in SPC (Ch.6 Supp), Forecasting (Ch.4), Inventory (Ch.12), LP (Mod.B), and Simulation (Mod F) and then solve one of the examples from that chapter. Stress on Ethics and Business: This is a very hot topic this year in Business Schools and Heizer/Render is on top of the issue with these thought provoking discussion generating ethical issues relevant to operations managers. Palmer Hospital, with in-depth discussion of the following major topics accompanied by our custom made 7 to 10 minute videos on each: Project Management (ch 3) - Building a New Hospital; Quality Management (ch 6) - The issues of quality that earn this hospital a top national ranking; Process Analysis (ch 7) - Using process flow charts to increase efficiency; Capacity Planning (ch 8) - How to decide when to expand; Layout (ch 9) - Laying out a hospital to maximize nurse efficiencies and patient satisfaction; Supply Chain Management (ch 11) - Creating a new hospital partnership to deal with suppliers; JIT (ch 16) - Ordering and taking delivery of surgical supplies on a JIT basis. Challenging homework problems. To increase the level of challenge we have expanded from 1 - 3 dot difficulty level of our huge homework set (more than any other text), we have added new 4 do (challenging problems) in every chapter. New PowerPoint Set: More graphically pleasing and keeping up to date with new 'Clicker' Questions. between companies and more and more between supply chains - the authors help the student understand and appreciate the importance of this strategic change in operations.
