Teach your kids to recognise, read and write 136 Dolch sight words with this Dolch sight words workbook. The Dolch sight words in this book are for Grade 3 and

above. These words are commonly encountered in any text and they set the foundation for future reading and writing skills. Sight words are taught by reading and writing in this workbook. A child sees the word on the page and says the word while pointing to the word. A child can also say the word and spell out the letters and then practise writing the word on the worksheets provided. By using these techniques they help to activate different parts of the brain. The exercises in this workbook combine repetitions of the word (seeing, hearing, speaking, spelling, and writing) with physical movements that focus the child's attention and reinforce each word into the child's long-term memory. Once, your children can recognise, read and write these words, they can read and spell more fluently to prepare them for school. This workbook contains 136 writing practice pages.

Genesis Curriculum was created to allow families to learn together with ready-to-go lessons that make learning easy and fun. Genesis Curriculum takes a book of the Bible and turns it into daily lessons in science, social studies, and language arts. Daily lessons also include reading a portion from the Bible, practicing a weekly memory verse, discussing a thought-provoking question, and learning a Biblical language. The third year in our series is the Book of Matthew. (It can also be used as the first year.) You will begin learning Greek this year. You will learn John 1:1-5 in Greek and begin learning the Greek alphabet. Writing will review the grammar of proper sentence structure but will also have a focus on poetic writing with alliteration, onomatopoeia, assonance, and consonance.
