### **Star Trek 101: A Practical Guide to Who, What, Where, and Why**

STAR TREK is one of the world's most popular and enduring science fiction franchises, spanning decades' worth of TV, film, comics, books and more. This book - originally published just as DEEP SPACE NINE was first being produced - analyses the rebirth and renaissance of the series in the nineteen eighties and nineties. Along with masses of factual information - plot synopses, cast and crew and, uniquely, British transmission dates - this Programme Guide casts a gently critical eye over the series' continuity (and lack of it) and lingers over the moments of humour (intentional and otherwise). In sum, this is a light-hearted, detailed and affectionate overview of the revitalised version of the classic STAR TREK. Please note that it has not been updated since its original publication.

Tasked with a yearlong assignment to travel unknown regions, they set out to fulfill the heart of Starfleet's charter: to explore strange new worlds, and to seek out new life and new civilizations. With the ship's crew suddenly incapacitated, seventy-eight of the 1,300 aboard are abducted—including Sisko's daughter, Rebecca. This renegade Q is named Trelane, also known as the Squire of Gothos, who Captain Kirk and his crew first encountered over one hundred years ago. Q explains that, armed with this incredible power, Trelane has become unspeakably dangerous. Now Picard must get involved in an awesome struggle between super beings.
