Bowker's Guide to Characters in Fiction 2007

Encircled by an impenetrable thorn forest live the Alali, a tribe of primitive, Stone-Age giants with strange laws more savage than those of the jungle. Within the vast thorn boma also are the various tribes of the Minunians—eighteen-inch people with

a high order of civilization, living in their complex, beehive like homes, fighting their savage wars on a miniature scale. Tarzan is captured by the Alali and makes his escape, but he is taken prisoner in one of the numerous battles of the little warlike people. Even his enormous strength and vitality quail beneath the tasks the Minunians set him, and he has to use all his jungle cunning to save his life and prove his eventual friendship for the courageous pygmy tribes.

The Return of Tarzan picks up soon after the point at which Tarzan of the Apes concludes. The ape man, feeling rootless in the wake of his noble sacrifice of his prospects of wedding Jane Porter, leaves America for Europe to visit his friend Paul d'Arnot. On the ship he becomes embroiled in the affairs of Countess Olga de Coude, her husband, Count Raoul de Coude, and two shady characters attempting to prey on them, Nikolas Rokoff and his henchman Alexis Paulvitch. Rokoff, it turns out, is also the countess's brother. Tarzan thwarts the villains' scheme, making them his deadly enemies. Later, in France, Rokoff tries time and again to eliminate the ape man, finally engineering a duel between him and the count by making it appear that he is the countess's lover. Tarzan deliberately refuses to defend himself in the duel, even offering the count his own weapon after the latter fails to kill him with his own, a grand gesture that convinces his antagonist of his innocence. In return, Count Raoul finds him a job as a special agent in the French Ministry of War. Tarzan is assigned to service in Algeria.

First, in Tarzan of the Apes, the orphaned young Lord Greystoke was adopted by a great ape and taught the ways of the jungle and how to survive in the wild. In The Return of Tarzan he had to learn the equally deadly laws of "civilized" European society. Now, in this third thrilling installment in Edgar Rice Burroughs's perennially popular series, Tarzan is exiled on a wild island filled with dangers. There, he must

enlist the help of a noble panther and a tribe of apes in order to return to the mainland and rescue his wife and infant son from the clutches of his nemesis, the villainous Nikolas Rokoff.

The Son of Tarzan

The Beasts of Tarzan is a novel by American writer Edgar Rice Burroughs, the third in his series of twenty-four books about the title character Tarzan. Originally serialized in All-Story Cavalier magazine in 1914, the novel was first published in book form by A. C. McClurg in 1916. The story begins a year after the conclusion of

the previous book, Tarzan (Lord Greystoke) and Jane have had a son, whom they've named Jack. Tarzan has spent much time building an estate home on the Waziri lands in Uziri, Africa, but has returned to his ancestral estate in London for the rainy season. Tarzan's adversaries from the previous novel, Nikolas Rokoff and Alexis Paulvitch, escape prison and kidnap the Greystoke heir. Their trap is elaborate and insidious, leading both Tarzan and Jane to be kidnapped as well. Rokoff exiles Tarzan on a jungle island, informing him that Jack will be left with a cannibal tribe to be raised as one of their own, while Jane's fate is to be left to his imagination. Using his jungle skill and primal intelligence, Tarzan wins the help of Sheeta, the vicious panther, a tribe of great apes led by the intelligent Akut, and a native warrior, Mugambi. With their aid, Tarzan reaches the mainland and begins a lengthy pursuit to find Jane (who is actively engineering her own extrication) and Jack. By the end of the story Rokoff is dead, while Paulvitch, his cohort, is presumed dead but manages to escape into the jungle. The Tarzan family returns to London along with Mugambi, who is offered a place at Tarzan's Waziri estate.
