The Negotiator

The discovery of insulin at the University of Toronto in 1921-22 was one of the most dramatic events in the

history of the treatment of disease. Insulin was a wonder-drug with ability to bring patients back from the very brink of death, and it was no surprise that in 1923 the Nobel Prize for Medicine was awarded to its discoverers, the Canadian research team of Banting, Best, Collip, and Macleod. In this engaging and award-winning account, historian Michael Bliss recounts the fascinating story behind the discovery of insulin – a story as much filled with fiery confrontation and intense competition as medical dedication and scientific genius. Originally published in 1982 and updated in 1996, *The Discovery of Insulin* has won the City of Toronto Book Award, the Jason Hannah Medal of the Royal Society of Canada, and the William H. Welch Medal of the American Association for the History of Medicine.

War Dog: Fighting Other People's Wars: The Modern Mercenary in Combat

The US Marines fighting in Korea between 1950 and 1953 were often outflanked and almost always outnumbered—but they were never outwitted. The marines of Dog Company, Second Battalion, Seventh Regiment (D-2-7) and their comrades learned quickly how to fight the erratic enemy's unfamiliar tactics and strategies and the harsh weather conditions in which they operated. Author Frederick P. Frankville, who fought up and down Korea with D-2-7 for nine months in 1950 and 1951, narrates in detail how the regiment succeeded in its mission and helped create a free South Korea. As he demonstrates, the “Dogs” adopted new tactics as they fought to accomplish

what marines in every war are trained to do: inflict more pain and suffering on the enemy than they receive in return. In this gripping, graphic, heartbreaking, and sometimes humorous memoir, Frankville shares his experiences and those of his fellow marines in wartime conditions and, more importantly, explores the true meaning of the Marine Corps' motto, Semper Fi—always faithful.

From Frederick Forsyth, the grand master of international suspense, comes his most intriguing story ever—his own. Whether writing about the murky world of arms dealers, the shadowy Nazi underground movement, or

the intricacies of worldwide drug cartels, every plot has been chillingly plausible because every detail has been minutely researched. But what most people don't know is that some of his greatest stories of intrigue have been in his own life. He was the RAF's youngest pilot at the age of nineteen, barely escaped the wrath of an arms dealer in Hamburg, got strafed by a MiG during the Nigerian civil war, landed during a bloody coup in Guinea-Bissau (and was accused of helping fund a 1973 coup in Equatorial Guinea). The Stasi arrested him, the Israelis feted him, the IRA threatened him, and a certain attractive Czech secret police agent—well, her actions were a bit more intimate. And that's just for starters. It is a memoir like no other—and a book of pure delight. From the Hardcover edition.

played out in the African continent. This was thanks not just to advances in communication technology but to the courage and journalistic skills of foreign correspondents like Frederick Forsyth, who had already earned an enviable reputation for tenacity and accuracy working for Reuters and the BBC. In *The Biafra Story*, Forsyth reveals the depth of the British Government's active involvement in the conflict—information which many in power would have preferred to remain secret. General Gowon's genocide of the Biafran people was facilitated by a ready supply of British arms and advice. Still tragically relevant in its depiction of global affairs, this powerful book also launched Frederick Forsyth to literary stardom by providing him with the background material for *The Dogs of War*. The dramatic events and shocking political exposures, all delivered with Forsyth's bold and perceptive style, makes *The Biafra Story* a compelling lesson in courage.

Amy Hempel's compassion, intensity, and illuminating observations have made her one of the most distinctive and admired modern writers. In three stunning books of stories, she has established a voice as unique and recognizable as the photographs of Cindy Sherman or the brushstrokes of Robert Motherwell. *The Dog of the Marriage*, Hempel's fourth collection, is about sexual obsession, relationships gone awry, and the unsatisfied longings of everyday life. In "Offertory," a modern-day Scheherazade entertains and manipulates her lover with stories of her sexual encounters with a married couple as a very young woman. In "Reference # 388475848-5," a letter contesting a parking ticket becomes a beautiful and unnerving statement of faith. In "Jesus Is Waiting," a woman driving to New York sends a series of cryptically honest postcards to an old lover. And the title story is a heartbreaking tale about the objects and animals and unmet desires that are left behind after death or divorce. These nine stories teem with wisdom, emotion, and surprising wit. Hempel explores the intricate psychology of people falling in and out of love, trying to locate something or someone elusive or lost. Her sentences are as lean, original, and startling as any in contemporary fiction.

was doing intelligence work for Marine RECON—the most elite fighters in the Corps—in a remote part of Afghanistan. While on patrol, he spotted a young dog "with a big goofy head and little legs" who didn't seem vicious or run in a pack like most strays they'd encountered. After eating a piece of beef jerky Craig offered—against military regulations—the dog began to follow him. "Looks like you made a friend," another Marine yelled. Grossi heard, "Looks like a 'Fred.'" The name stuck, and a beautiful, life-changing friendship was forged. Fred not only stole Craig's heart; he won over the RECON fighters, who helped Craig smuggle the dog into heavily fortified Camp Leatherneck in a duffel bag—risking jail and Fred's life. With the help of a crew of DHL workers, a sympathetic vet, and a military dog handler, Fred eventually made it to Craig's family in Virginia. Months later, when Craig returned to the U.S., it was Fred's turn to save the wounded Marine from Post-Traumatic Stress. Today, Craig and Fred are touching lives nationwide, from a swampy campground in a Louisiana State Park to the streets of Portland, Oregon, and everywhere in between. A poignant and inspiring tale of hope, resilience, and optimism, with a timeless message at its heart—"it is not what happens to us that matters, but how we respond to it"—Craig & Fred is a shining example of the power of love to transform our hearts and our lives.
