### **Maths the Basic Skills Number**

HORRIBLE SCIENCE: SPACE, STARS AND SLIMY ALIENS is bursting a space-hopping book of stunning science. Zoom to the stars with Oddblob the alien, and take part in a spacewalk that's out of this world and learn what the moon smells like. Redesigned in a bold, funky new look for the next generation of HORRIBLE SCIENCE fans.

### **Horrible Science: Space, Stars and Slimy Aliens**

This new set of resources, comprising three Worksheet Packs and a textbook, have been designed specifically for the new Adult Numeracy Curriculum, covering Entry Levels 1, 2 and 3 and Levels 1 and 2. All topics within the resources are clearly labelled with a curriculum reference to assist with planning.

## **The Dinosaur Magnet-Activity Book**

With essential dinosaur facts and stunning artwork, this is a fantastic introduction to the world of these ancient monsters. Comes with approximately 12 double-sided dinosaur magnets to use to complete the scenes.

## **Fresh Bread in the Morning (From Your Bread Machine)**

Wake up to the aroma of fresh bread wafting through your kitchen every morning! A dream? No. With your bread machine, it's a reality. Push a button or two and transform what seems like a laborious, time-consuming and skilled process into a spectacularly easy affair. So why do you need this book when bread machines come with their own recipes? Well, such recipes vary, sometimes on the high side, in the amount of yeast, salt, sugar, fat and dried milk powder they contain. Annette Yates has set about reducing these ingredients and providing recipes for making loaves that are as natural as they can be. And they are delicious too. Or you can add extra ingredients - like herbs, spices, seeds, nuts, fruit, vegetables, honey, mustard and even chocolate! - and transform simple bread into something really special. Try it and see
