Raiders from the SeaAntarctica as Cultural Critique

Raiders from the Sea

In one harrowing day, Viking raiders capture Bree and her brother Devin and take them from their home in Ireland. After the young Viking prince Mikkell sets Devin free on the Irish coast far from home, Bree and Devin embark on separate journeys to courage. Readers will be captivated by the unfolding drama as Bree sails to Norway on the Viking ship and Devin travels the dangerous road home. They both must trust their all-powerful God in the midst of difficult situations.

Antarctica as Cultural Critique

Arguing that Antarctica is the most mediated place on earth and thus an ideal location for testing the limits of bio-political management of population and place, this book remaps national and postcolonial methods and offers a new look on a 'forgotten' continent now the focus of ecological concern.
